VUSD Negotiations Update

The Ventura Unified School District have been in negotiations with the two associations that represent our teachers and support professionals for the past several months. There have been proposals offered from all parties that reflect a salary increase. We have not been able to agree on the amount of the increase, or where the funds will come from to support it. The next step in the process is to invite a state mediator to come in to sort things out and help all of the parties work towards a solution.

The Ventura Unified School District highly values all of its staff members and wants to provide the best total compensation package available to them. We encourage all of the people involved to stay calm and to let the process to work.
