EDUCATIONAL SERVICES

1. Proposal for a New VUSD High School Summer Session Structure

A proposal for a new high school summer school structure will be presented whereby the school district could experience significant fiscal benefits, benefits for staff and educational benefits for students through partnering with a local charter school, in the same manner how Ventura County Office of Education, Simi Valley Unified and Oxnard Union High School District structure their high school summer school programs. This restructuring could possibly be implemented for the 2019 summer school session.

 Danielle Cortes, Assistant Superintendent, Educational Services

2. Low-Performing Students Block Grant – (Action Requested)

The Low-Performing Students Block Grant is designed to help address the achievement gap for all students. “Low-performing” is defined by the California Department of Education as students not meeting academic achievement standards on the most recently available (2016-17) results of the California Assessment of Student Performance and Progress test who are neither identified for special education services nor identified as low income, English learner or foster youth. As a condition for receiving grant funds, the district has developed a plan describing how the funds will increase or improve evidence-based services for the identified pupils to accelerate increases in academic achievement.

3. Exploration and Feasibility of a Bond Measure for the Ventura Unified School District – (Action Requested)

Ventura Unified is committed to providing classrooms and infrastructure to allow students a safe and successful learning experience. The District needs to explore potential funding sources to improve facilities, improve technology, construct and/or modernize classrooms and school facilities at all of our campuses.

It has been over 20 years since the District has embarked on a major facilities modernization initiative. In 1997, voters approved Measure M, an \$81 million General Obligation Bond to address the District’s immediate needs at that time. A Long Range Facilities Master Plan (LRFMP) is currently underway. The intent of the LRFMP is to determine and prioritize the District’s current facility needs.

Requesting Board approval to engage a financial advisor to conduct a survey and explore the feasibility of a local school improvement bond measure to determine if this is something the community would support.

6. Ratification of District’s Approval of Employment Through Various Education Codes

Current statutes and regulations recognize that there may be situations of a temporary nature in which a teacher with the appropriate credential is not available to the School District or the assignment is part-time and not conducive for recruitment. Senate Bill 435 has made it possible to assign staff with their permission to these areas in several ways:

Education Code Section 44831 allows an individual who holds a master’s degree in communication disorders; meets the basic skills requirement; has a valid license from the Speech-Language Pathology and Audiology Board; and has the criminal record summary according to EC §44332.6 to provide speech and language services.

The board is asked to approve the individuals listed below as per the Education Code noted.

Last Name	First Name	Site	Subject	Ed Code	Units
Scrivner	Tiffani	ESC	Speech Therapist	44831	n/a

Resource Person(s): **Jeff Davis, Assistant Superintendent, Certificated Human Resources**

7. Establishment of Classified Positions

As a result of Assembly Bill 2160 relating to part-time playground positions in school and community college districts that operate under the merit system, effective January 1, 2019, the rights of part-time playground positions (commonly called “noon duty aides”) were expanded by making them part of the classified service for merit system districts. These positions were previously excluded from the classified service and the employees were not subject to the rights and benefits of classified employment. As such, the District has now created regular positions for these exempt assignments. For the 2018/19 school year, each elementary site had already been allocated funds to cover these assignments, therefore the mandate to establish regular positions should have a minimal impact on the 18/19 budget. It is therefore requested that the Board of Education approve the establishment of the following Classified positions:
