

July Summer Session

High School Students- Incoming 9-12 and Current 12 graders

Students can participate in these offerings:

In-person credit recovery and initial credit for high school including, including Drivers Education, College & Career, Health and Career Technical Education courses will be offered at Buena High School (BHS) and Ventura High School (VHS).

An AM session will take place 8:30 am to 12 pm and a PM session will take place 12:30-4 pm. **In-person credit recovery for current 12th graders who need special education** English Language Arts or Math to graduate (program will run July 6-August 13) will be offered as well.

Online credit recovery for high school students (including current seniors) via Edgenuity Offered at VHS & BHS from 8:30 am-12 pm for the AM session and 12:30-4 pm for the PM. Students **MUST** be present for the prescriptive (1st day of session, July 6) and final tests (when finished with the course, students can select a date during the session). Students **MAY** work in-person or from home with the exception of those exams which **MUST** be taken in-person. If you would like to take the online option in July, please follow the how to enroll steps below

Online Initial Credit Health and College & Career Being Offered

This summer, we will be offering initial credit Health and/or College & Career for our incoming freshmen in an ONLINE format. This is in addition to the in-person options already on the July Session Course Request Form. Buena and Ventura students who opt to take these courses in summer offerings need to take both classes (Health and College & Career). Foothill Technology students only should take Health (those taking music should work with their FTHS counselor for guidance).

During the July Session, we have added both Health and College & Career as online options. If you would like to take the online option in July for either or both courses, please follow the how to enroll steps below. Please contact the Call Center at (805) 641-5000 ext. 1380 for English and ext. 1390 for Spanish, or email 2021SummerPrograms@venturausd.org.

These offerings allow students who want to take one class at a time to do that over seven weeks (Health in June, College & Career in July) while also allowing students who prefer to work on both classes at once to complete them during the same 4-week session in July.

How to Enroll

If you are interested in signing up for one of these sessions please sign-up!

You can sign up electronically by completing these three steps:

1. Complete the [enrollment form](#)

2. Submit your [emergency card](#) (print, complete, scan and email to 2021SummerPrograms@venturausd.org)
