

What is it and why do parents need it? Q Parent Connect is the online portal into your Student's academic history with Ventura Unified School District. **It is important that every parent know their PIN and Password in order to log into Q Parent Connect.** Why? Here are just a few of the key resources available to parents in Q Parent Connect:

- **Make payments on your student's cafeteria account (debit/credit card) and see cafeteria visits**
- **Update your child's emergency contact information**
- **Receive a daily email notification, if you choose (school news, attendance, assignments, report card, behavior, and cafeteria balance)**
- **Quick email links to your student's teachers**
- **See your student's assignments and marks**
- **See your student's Health History and Health Office visits**
- **See your student's Attendance record**
- **See your student's State Testing results**

In this day and age, and with the movement of more things being done electronically, this is a valuable and important tool that every parent should and will need to familiarize themselves with. Our goal in the office is that every VUSD parent is aware of this tool, has their PIN and Password and is using Q Parent Connect on a regular basis.

In order to get your PIN and Password, visit the VUSD website at www.venturausd.org. Go to "Quick Links", click on "Parents" in the drop down menu. On the left side of the screen, click on "Q Parent Connect". Click on the link that says "Need my login information", enter your email address and hit submit. Then go check your email and you will receive an email with your PIN and Password.

PLEASE NOTE: Q Parent Connect is best utilized on a computer. It is not recommended that you use a mobile device (cell phone, tablet, etc.) as the interface is not very user friendly.

Please contact the Buena HS office if you need assistance in getting your PIN and Password. (805) 289-1826 ext. 1016
