Welcome to Buena High School. At Buena, our vision is to “empower all students to achieve their full potential in an academically-engaging environment. We inspire our students to be responsible and productive citizens in an evolving global society.” This can be accomplished by working as a team: parents, staff, and community members. Together, we can train and inspire our students to become productive citizens with a desire for lifelong learning.

At Buena, we value our diverse population and celebrate the contributions of all. We offer a rigorous curriculum based on Common Core State Standards that will prepare our students to be 21st century college and career ready. We will continue to enhance and build pathways that will complement the interest and talent of our students such as classes in Career Technical Education, AVID, AP, Foreign Language, Engineering, Metals, Woodwork, Journalism, Renaissance, Art, and so much more.

Engagement in school delivers a sense of belonging by providing connectedness with the school, other students, and teachers. Buena offers many opportunities for student involvement through various clubs, sports, and community involvement. I encourage each and every student to participate in an extra-curricular activity which will help guarantee a feeling of community within Buena.

Every new school year offers an opportunity for success. We are a staff dedicated to giving students what they need, while working with families as we guide students to successfully navigate high school and beyond. We look forward to the finest this school year will bring.

Our administrative team, counselors, and teachers are here to serve. Please do not hesitate to contact us.

Respectfully,

Bobbi Powers
Principal
