1st Grade Master Template - Fall 2020

Welcome back to school!

Let's Start Exploring!

Click the "Learn" button below to get started.

PASSPORT TO CANVAS

SHARE | APPLY | ELEVATE

✈ Welcome

Pack your bags! You are about to embark on a journey learning about how to use Canvas as a student and complete your digital citizenship.

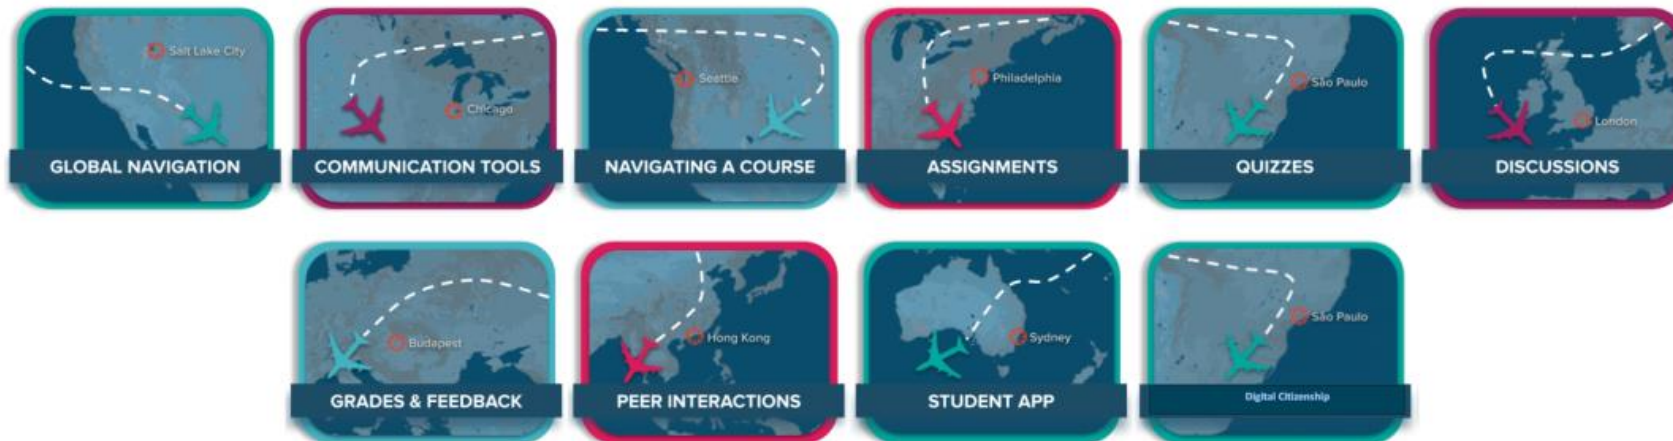

This course, Passport to Canvas, provides everything you need to know about using Canvas in your class(es). Canvas helps you:

- Keep track of the work you are assigned by your teachers, grades and feedback
- Organize all of the learning material your teacher has created
- Help you stay in touch with other members of your class

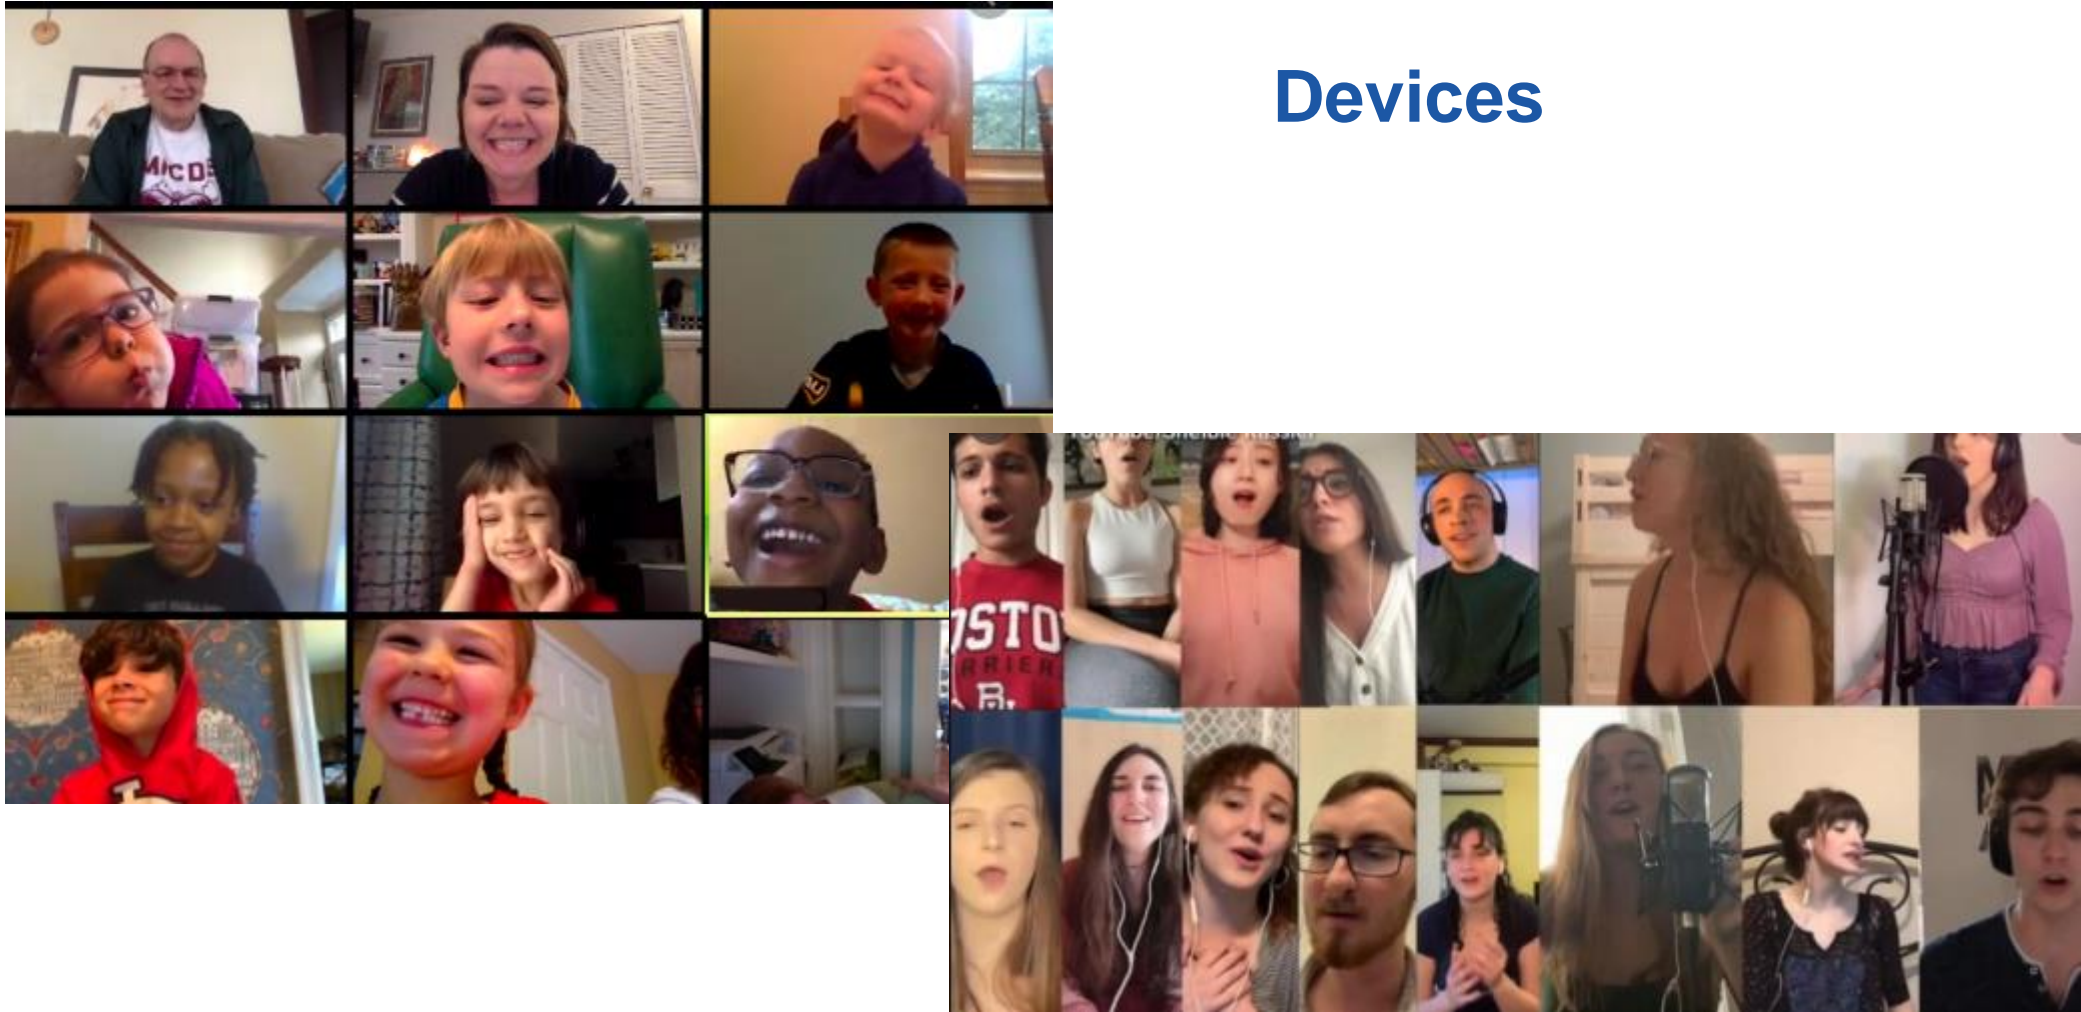

🗺 Moving Through the Course

The course is organized into Modules. Each module focuses on one Canvas tool. You may move through the Modules openly. Open a module by selecting the map links or, you can see a full list of all module names by selecting the Modules link in the course navigation to the left. Happy travels!

*Note there is a small quiz at the end of each Modules. Please start with the [Intro Module, where you can set up a zoom and care for your devices.](#)

Devices

Devices

Technology	Vendor	Count	Intended Use	Cost	Order Date
Chromebooks	MJP	4000	2-12	\$1,178,502	07.09.20
