The District is proposing to refund and obtain a lower interest rate on the previously issued 2012 General Obligation (GO) Refunding Bonds. The 2012 GO Refunding Bonds were issued to refund the District's outstanding 1997 Election Series F/G/H/I Bonds. The proposed Resolution authorizes the issuance of general obligation refunding bonds to provide savings for taxpayers. Additional Documents Authorized. The Resolution authorizes District officials to bring into final form and execute the Preliminary Official Statement, Bond Purchase Agreement, Continuing Disclosure Certificate and Escrow Agreement.

In 1997, District voters authorized the issuance of up to \$81,000,000 principal amount of general obligation bonds, which were issued through nine series of bonds. On April 11, 2012, the District issued its 2012 general obligation refunding bonds in the aggregate principal amount of \$13,760,000 in order to refinance certain of the bonds authorized under the 1997 authorization. Pursuing the optional advance redemption prior to maturity of certain of the outstanding 2012 general obligation refunding bonds will result in savings to taxpayers.

The refunding bonds will be issued in an amount not to exceed \$12,000,000. The maturity date will not be extended past the maturity date of the bonds to be refinanced, and the refunding bonds will mature in full on the date the refunded bonds would have matured.

There is no impact on the District's general operating fund.

Board approval of Resolution #20-22 authorizing issuance of general obligation refunding bonds is requested at this time.

Current statutes and regulations recognize that there may be situations of a temporary nature in which a teacher with the appropriate credential is not available to the school district or the assignment is part-time and not conducive for recruitment. Senate Bill 435 has made it possible to assign staff with their permission to these areas in several ways:

**Education Code 44256(b)** states that the holder of a self-contained type credential may be assigned, with his or her consent, teach any subject in departmentalized classes, below grade 9, in which the teacher has 12 semester hours of coursework in the subject area.

**Education Code 44258.2** authorizes holders of secondary-type credential to be assigned to teach classes in middle school, grade 5-8; Requires 12 semester units or 6 upper division units and teacher's consent.

**Education Code 44258.7(b)** allows full-time teacher who holds a credential in a subject other than physical education to coach a competitive sport for which the students receive physical education credit for one period a day.

**Education Code 44263** states that the holder may be assigned, with his or her consent, to teach any single subject class in which the teacher has 18 semester hours of coursework or a self contained classroom with 60 semester hours distributed among four of the following subjects: language studies, literature, mathematics, science, social science, history, humanities, the arts, physical education, and human development.

**Education Code Section 44831** allows an individual who holds a master's degree in communication disorders; meets the basic skills requirement; has a valid license from the Speech-Language Pathology and Audiology Board; and has the criminal record summary according to EC §44332.6 to provide speech and language services.

**Education Code 44258.7(c) & (d) (COA)** allows a full-time teacher with special skills and preparation outside of his or her credential authorization to be assigned to teach in the area.

It is recommended that the Board of Education approve the individuals on the attached list as per the California Education Code noted.
