

VUSD GREEN FLASH!

In an effort to update and share important information with our employees, the Healthy and Green Schools Partnership Committee along with our City Partners are committed to share this “Green Flash” with you.

If you have a “Green” tip you would like to share with VUSD, please forward it to

kristie.wallace@venturausd.org

VenturaWaterPure Demonstration Facility

Did you know that technologies now exist to treat used water (wastewater effluent from our treatment plant) to purity levels far above that needed to produce drinking water? Did you know that Ventura Water is investigating “potable reuse” as an option to provide a sustainable water supply for Ventura residents? Come and visit our pilot facility and learn how advanced water Purification technology is part of Ventura Water’s sustainable future!

- Tours are held every Saturday from 9-11a.m. (through December 2015).
- Call us at **(805) 677-4131** to sign up for a Saturday tour.
- Private groups interested in weekday tours can be accommodated with advanced notice.

For more information visit us online at www.cityofventura.net/water
