# Parent Communication

## ParentSquare

Parent communication is very important as many things are ever changing. Communication from DATA will be coming through ParentSquare. If you have not already, please create your parent portal to access information coming directly from the school district and DATA.

**WWW.PARENTSQUARE.COM**

**PARENTSQUARE MAKES IT EASY TO REGISTER FOR PARENTSQUARE FROM THE APP.**

**FOLLOW THE STEPS BELOW:**

1) Open up the ParentSquare App. Enter your email or cell phone number. The email and/or cell phone number should match what is in your school's information system or database.

*\*Note: If your email or phone number is not recognized by ParentSquare, you can 'Request Access' or call your school office and ask them to update your contact information.*

2) Next, create your password and confirm your password. Click Continue.

3) You will receive a registration code via email or text. Enter your registration code and click 'Verify'. This will take you to your ParentSquare home feed!

*\*Note: If your registration link has expired, a new one will need to be sent to you. Please contact your school's admin and ask for a new link to be sent to you.*
