The School Plan for Student Achievement

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This plan is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

School Profile

During the 2021-22 school year, Poinsettia School served 375 students in grades TK-5. Student enrollment during the 2021-22 school year included 14.4% students with disabilities, 6.9% English learners, 29.3% socioeconomically disadvantaged, and 1.6% homeless youth. Poinsettia is located at the foothills of Ventura in a close-knit, family oriented, academically challenging environment.

We have four special day classes (SDC), including all four Autism Spectrum classes. Each SDC has at least two full time para-educators as well as many students having additional adult assistants. Students in SDCs are integrated in various general education class lessons and activities as deemed appropriate by Individual Education Plan (IEP) team members. Our Learning Center provides services for students who are struggling but do not qualify for special education services as well as for students with IEPs.

All students visit the computer lab and library weekly. With funding from the Parent Teacher Organization (PTO), the lab is maintained and lessons are taught by a specifically designated classified computer teacher and library technician. The lab contains 40 student computers and presentation computers for teacher use. Each classroom and student support room at Poinsettia contains a teacher-use computer with internet access as well as computers that have been distributed to classrooms for student use where appropriate. Every classroom and student support room also has a telephone for communication and emergency response purposes.

Poinsettia Elementary School has a very active parent group. The PTO raises approximately \$90,000 per year and provides funds for cultural and academic assemblies, field trips, teacher support, instructional materials, copier expenses, new computers and technology upgrades, grounds beautification, playground structures, new technology, extracurricular enrichment (dance at each grade level), and picnic tables. Parents play an active role in their child's education by volunteering in the classrooms, the school office, the teacher workroom, the school library, and on the playground.

School Mission

At Poinsettia, we ensure high levels of learning for all children through purposeful collaboration, creative problem solving, and collective responsibility. Within a family atmosphere, we honor individual differences and inspire lifelong learning to develop the whole child.

Goals, Strategies, Expenditures, and Annual Review**Goal 1:**

Increase Student Achievement – Increase student achievement for all students while decreasing performance gaps.

Identified Need:

- In ELA, needs exist to address the achievement gap for SPED and SED students. 2021-22 data shows that about 50% of our school population did not meet or nearly met standard for ELA, with fourth grade at only 22%.
- Math needs showed trends with all groups falling below standard. 2021-22 data shows gaps among grade levels and a large achievement gap remains for Hispanic, SPED and SED students.

Annual Measurable Outcomes:

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP data	49% of 3rd graders, 22% of 4th graders and 38% of 5th graders did not meet or nearly met standard on ELA.	Through the implementation of Tier II and III ELA interventions for grades K-5 scores for the 23-24 school year will increase as we work to increase student achievement.
	64% of 3rd graders, 24% of 4th graders and 51% of 5th graders did not meet or nearly met standards in Math	Student achievement scores will increase through the hands-on supports that teachers will be able to utilize.

Annual Review:**SPSA Year Reviewed: 2021-22**

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS:

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

In the 2021-22 school year we were optimistic and implemented six strategies. As a school site we did implement several after school invention opportunities however the program could have been strengthened given more teacher involvement. Our MTSS program and intervention staff worked hard with students and proved to be very beneficial and elements will be continued for the 22-23 school year due to its effectiveness. Teachers, students and parents used and benefited from the RAZ kids program and implementation of sensory items for those who needed them. Our outdoor learning space will continue to be a priority in the next school year as the strategy was not implemented with fidelity. Overall our strategies for Goal 1 were effective and proved to be achieved.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

In the 2021-22, school year we were unable to spend all funds tied to goals because of general limitations and challenges brought to light through administration shifts and our learning focus being tied to social emotional learning and building student stamina.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In 2022-23, we will be working hard to continue fighting learning loss. We will be implementing/increasing small group intervention instruction access and learning/using metrics used to evaluate programs. We will work to use these methods to focus and monitor through our grade level team meetings. We will work to monitor multiple indicators available to us. Without knowing full details about the CAASPP testing format moving forward, we will rely heavily on district benchmark data (MAP and BPST) and intervention program data from Sonday and Read Naturally. One change that will be made is keeping our MTSS process during school hours to ensure equity for all students.

Goal 2:

Student Connections to School - Provide a safe and secure environment for all staff and students.

Identified Need:

Survey data continues to indicate a need to improve traffic concerns with heightened concern around drop off/pick up and ingress/egress safety. It was additionally identified that a need exists for students to learn social emotional coping strategies.

Annual Measurable Outcomes:

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Needs Assessment Survey	28% (our highest level of need) was assigned to drop off and pick up traffic Free response on the survey indicated the need for Social Emotional lessons and opportunities to learn and practice coping strategies. Free response indicated a need for more parent and student volunteer/social opportunities	Fewer parent calls about the lower ramp and survey data indicating improving traffic patterns. All stakeholders will begin to use a common language around our school 3 agreements and dialogue on how to work with one another through the use of Tier I, "Second Step." Student council will identify and create opportunities for community service and overall school involvement.

Annual Review:**SPSA Year Reviewed: 2021-22**

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS:

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

In the 2021-22 school year we were able to make the necessary changes and additions to ensure that our environment was safe and secure while following COVID guidelines. The district helped to fund our ramp after school supervision. We were also able to keep our thriving student council involved in community service opportunities. The effectiveness of these activities can be seen in the data.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major differences in the intended implementation and budgeted expenditures. All monies were spent appropriately and the data for the 22-23 school year shows the money did in fact help to support Goal 2.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

For the 2022-23 school year, two strategies will be added to help further strengthen Goal 2. The creation of the School Wide Positive Behavior Intervention and Supports Program along with time for teachers to build on the social emotional lesson in our new "Second Step" curriculum (Tier I) will work in conjunction to support the overall need for student to feel safe and secure at school physically and emotionally.

Goal 3:

Family Involvement - Increase parent and community involvement.

Identified Need:

After being at home and living through various COVID restrictions, families still feel disconnected from school, have a lack trust with the school and are themselves experiencing varying levels of trauma seen from the aftermath of COVID.

Annual Measurable Outcomes:

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Needs Assessment Survey	In the free response section of the survey, parents indicated wanting to participate more in school programs, events and celebrations.	That our number of parent volunteers will increase and that the participation at school wide events will increase as well.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

English learners

Strategy/Activity

Decrease barriers to attendance at school meetings by providing translation.

Proposed Expenditures for this Strategy/Activity

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

Strategy/Activity

Create opportunities for families to meaningfully engage on campus such as school wide performances/events, Art Showcase Night, student recognition events, assemblies, Coffee with the Principal and school beautification opportunities.

Proposed Expenditures for this Strategy/Activity

Amount(s)	Source(s)
Event materials \$500.00	Site funds

Annual Review:**SPSA Year Reviewed: 2021-22**

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS:

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Overall the implementation of Goal 3, was effective as seen by the murals on campus. Parents also came together to support when outdoor activities were held. However due to the COVID restrictions and guidelines not all activities were implemented with fidelity.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

In the 2021-22 school year, we were unable to implement all activities in which funds were spent tied to goals because of general limitations and challenges brought to light through administration shifts and COVID health protocols.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In 2022-23, activities were implemented that last year were unable to take place as COVID restrictions and guidelines lifted. It is evident that parents will want the opportunity to become more involved in campus events and activities. This strategy has been added as Activity 2.

Intervention and tutoring are available based on individual progress in meeting state proficiency standards and basic skills acquisition.

All qualifying 6-12 students have access to counselors who are experienced in working with students of American Indian and Native Alaskan descent in the areas of personal and academic counseling as well as tutoring in all areas of the middle school and high school curricula. Students in grades 6-9 are engaged in cultural presentations, heritage lessons, successful time management and study skills lessons, goal setting for middle school success and high school expectations, thinking about college and post high school educational and career planning, and basic skills support for language, reading and mathematics. Students in grades 9-12 are provided career counseling which includes information about special grants, scholarships, and financial assistance, and are engaged in activities to facilitate a better understanding in such areas as individual tribal history and history of other tribes.

Instruction and support are administered at each qualifying student's school site through a series of monthly sessions which may include 1) small group instruction based upon reading and language development, through interactive discussion, 2) hands-on learning activities, 3) booklets, and 4) computerized lessons. The school's Indian education teacher or 6-12 counselor work with the district's Indian Education Coordinator to develop a specialized curriculum and appropriate support services. Tutoring services are determined by the school administrator and Indian Education Coordinator.

VUSD – Parent Involvement Policy

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent/guardian involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with parents/guardians and family members to jointly develop and agree upon policy and strategies to meaningfully involve parents/guardians and family members in district and school activities at all grade levels; advisory, decision-making, and advocacy roles; and activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

The district's local control and accountability plan (LCAP) shall include goals and strategies for parent/guardian involvement and family engagement, including district efforts to seek parent/guardian input in district and school site decision making and to promote parent/guardian participation in programs for English learners, foster youth, students eligible for free and reduced-price meals, and students with disabilities. (Education Code 42238.02, 52060)

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent/guardian and family engagement efforts, including, but not limited to, input from parents/guardians, family members, and school staff on the adequacy of involvement opportunities and on barriers that may inhibit participation.

Title I Schools

The Superintendent or designee shall involve parents/guardians and family members in establishing district expectations and objectives for meaningful parent/guardian and family engagement in schools supported by Title I funding, developing strategies that describe how the district will carry out each activity listed in 20 USC 6318, as contained in the accompanying administrative regulation, and implementing and evaluating such programs, activities, and procedures. As appropriate, the Superintendent or designee shall conduct outreach to all parents/guardians and family members. (Education Code 11503; 20 USC 6318)

When the district's Title I, Part A allocation exceeds the amount specified in 20 USC 6318, the Board shall reserve at least one percent of the funding to implement parent/guardian and family engagement activities and shall distribute at least 90 percent of those reserved funds to eligible schools, with priority given to high-need schools as defined in 20 USC 6631. The Superintendent or designee shall involve parents/guardians and family members of participating students in decisions regarding how the district's Title I funds will be allotted for parent/guardian and family engagement activities. (20 USC 6318)

Expenditures of such funds shall be consistent with the activities specified in this policy and shall include at least one of the following: (20 USC 6318)

1. Support for schools and nonprofit organizations in providing professional development for district and school staff regarding parent/guardian and family engagement strategies, which may be provided jointly to teachers, principals, other school leaders, specialized instructional support personnel, paraprofessionals, early childhood educators, and parents/guardians and family members
2. Support for programs that reach parents/guardians and family members at home, in the community, and at school
3. Dissemination of information on best practices focused on parent/guardian and family engagement, especially best practices for increasing the engagement of economically disadvantaged parents/guardians and family members
4. Collaboration, or the provision of subgrants to schools to enable collaboration, with community-based or other organizations or employers with a record of success in improving and increasing parent/guardian and family engagement
5. Any other activities and strategies that the district determines are appropriate and consistent with this policy

If the district also receives funds under federal Title IV, Part E, to coordinate and enhance family engagement programs, the Superintendent or designee shall inform parents/guardians and organizations of the existence of Title IV. (20 USC 6318)

The district's Board policy and administrative regulation containing parent/guardian and family engagement strategies shall be incorporated into the district's LCAP in accordance with 20 USC 6312. (20 USC 6318)

The Superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent/guardian and family engagement policy in accordance with 20 USC 6318.

District and school-level parent/guardian and family engagement policies and administrative regulations shall be distributed to parents/guardians of students participating in Title I programs and shall be available to the local community. Parents/guardians shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents/guardians can understand. (20 USC 6318)

Non-Title I Schools

The Superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502. (Education Code 11504)

STUDENT ACHIEVEMENT

California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

Physical Fitness

In the spring of each year, Citrus Glen Elementary School is required by the state to administer a physical fitness test to all students in fifth grade. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM®. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM® has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and State results can be found at the CDE's website www.cde.ca.gov/ta/tg/pf/.

Note: The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA & Mathematics test results include the Smarter Balanced Summative Assessment and the CAA.

The "Percent Met and Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e. achieved Level 3 - Alternate) on the CAA's divided by the total number of students who participated in both assessments.

SCHOOL FACILITIES & MAINTENANCE

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Poinsettia Elementary School's original facilities were built in 1958; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff.

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. Campus repairs or improvement projects for the 2021-22 school year including the following:

- Renovate outdoor learning space
- Painting of mural
- Concrete repairs to walkways

Every morning before school begins, the day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians (one full-time and one part-time) are assigned to Poinsettia Elementary School. The day custodian is responsible for:

- Restrooms
- Kitchen
- Office
- Library
- Cafeteria Setup/Cleanup
- General Cleaning and Custodial Functions

Restrooms are checked frequently throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classrooms
- Restrooms
- Routine Maintenance

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Facilities Inspections

The district's maintenance department inspects Poinsettia Elementary School on an annual basis in accordance with Education Code §17592.72(c) (1). Poinsettia Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on September 13, 2022. During fiscal year 2021-22, all restrooms were fully functional and available for student use at the time of the inspection.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, two teachers and campus safety assistants are strategically assigned to designated areas to provide student supervision and one classified staff member is in the cafeteria to monitor breakfast activity. During recess, all paraeducators, campus safety assistants and two to four teachers supervise playground activity. Campus safety assistants, the principal, and all paraeducators monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the teachers, principal, and paraeducators monitor student behavior to ensure a safe and orderly departure.

During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Poinsettia Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual

harassment policy, dress code policy, and bully prevention policy. The school's most recent school safety plan was reviewed and updated in November 2022, and shared with school staff in October 2022.

It has been the intention of the School Site Council and Poinsettia staff to work to build a "see something, say something" culture. This phrase is sent out to the greater school community in messages and taught to students during emergency drills. Having this culture ensures that all member of the Poinsettia community including staff, students and families play an active part in maintaining school safety.

Campus culture promotes a secure learning environment. All persons are to be treated with dignity and respect. The district, schools, students, parents/guardians and community have an obligation to promote mutual respect and safe, harmonious relations that support dignity and equality. Bullying and harassment are not tolerated. The school district has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to address incidents of bullying and harassment when they occur. Students and their parents receive information annually regarding district policies concerning anti-bullying and harassment.

Discipline & Climate for Learning

responsibility, teach the value of diversity, and minimize classroom disruptions. Teachers clearly identify and explain behavior expectations to their students and discuss consequences for poor or disruptive behavior in the classroom. The principal leads positive activities to build school culture and as needed reinforces the importance of following school rules and making responsible, responsible choices in behavior. Poinsettia Elementary School has three universal agreements to show respect, make good decisions and solve problems. We pair this with in class "pride cards" to recognize these agreements as well as trimester awards. We have a robust intervention team which meets regularly to

brainstorm solutions to challenging behavior issues and when needed create individual behavior plans. Our strong student council, Positive Behavior Committee, and active parent organization and volunteering support make the climate of Poinsettia one of active, positive and responsive community for all.

Chronic Absenteeism

The chart in this report identifies the chronic absenteeism rates by student group for Poinsettia Elementary School for the 2021-22 school year. The Ventura County Teacher Induction Consortium is a two-year, individualized, job-embedded system of mentoring, support and professional learning that begins in the teacher's first year of teaching for newly credentialed teachers in California. The program is accredited by the Commission on Teacher Credentialing (CTC) and is administered by the Ventura County Office of Education (VCOE), Educator Support and Effectiveness (ESE) department, in coordination with a consortium of 18 school districts, local charter schools, private schools, and 5 university partners.

Staff members are encouraged to attend professional workshops and conferences. New teachers, experienced teachers, mentor/teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Ventura County Superintendent of Schools as well as the Ventura Unified School District. Profession and subject specific offerings are consistent with the California Content Standards. Classified support staff may receive job-related training from district representatives; training activities and workshops are designed to enhance and extend job performance.

Instructional Materials

All textbooks used in the core curriculum are aligned to the California State Standards. Instructional materials for K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education, and instructional materials for 9-12 are aligned to state standards and approved by the district's board of education.

Ventura Unified School District is currently piloting History-Social Science curriculum is in the 2022-23 school year with adoption and implementation anticipated for the 2022-2023 school year. Currently, supplemental bridge materials are being used to support the implementation of the new History-Social Science state framework.

On October 11, 2022, the Ventura Unified School District Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution #22-40 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English Learners, in the district to the extent that each pupil, including English Learners, has a standards-aligned textbook and/or instructional materials to use in class and to take home, which may include materials in a digital format but shall not include photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage, (2) that all students who are enrolled in the same course within the district have standards-aligned textbooks or instructional materials from the same adoption cycle, (3) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/Language Arts, including the English Language Development component of an adopted program, 4) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 5) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2022-23 school year, Ventura Unified School District provided each student, including English Learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

PROFESSIONAL STAFF

Counseling & Support Staff

Poinsettia Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Poinsettia Elementary School's students.

Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

DISTRICT EXPENDITURES

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2020-21 salary comparison data was the most recent data available at the time this report was published.)
