INDEPENDENT AUDITOR'S REPORT

Board of Education Ventura Unified School District Ventura, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Ventura Unified School District (the District) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Board of Education Ventura Unified School District

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to in the aforementioned table of contents present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

During fiscal year ended June 30, 2017 the District adopted the provisions of Governmental Accounting Standards Board Statement (GASB) No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. As a result of the implementation of these standards, the District reported a restatement for the cumulative effect of the change in accounting principle (see Note 17). Our auditor's opinion was not modified with respect to the restatement.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of postemployment healthcare benefits funding progress, schedule of changes in the total pension liability and total pension liability as a percentage of covered payroll (deferred compensation), schedule of the District's proportionate share of the net pension liability and schedule of District contributions, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Education Ventura Unified School District

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary schedules, the combining major and non-major fund financial statements, and the schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary sections as listed in the table of contents, including the schedule of expenditures of federal awards, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary sections, including the schedule of expenditures of federal awards, are fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2017 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Fiscal Year Ended June 30, 2017

The Management Discussion and Analysis section of Ventura Unified School District's financial report presents an overall review of the District's financial performance during the fiscal year that ended on June 30, 2017. Readers should also review the notes to the basic financial statements and the fund financial statements to enhance their understanding of the District's financial performance.

FINANCIAL HIGHLIGHTS

Total net position was \$25,019,896. As a result of implementing English and Math standard aligned curricula in several grade levels and increasing retirement contribution rates, the District's net position decreased by \$9.1 million or 26.8%.

- Total revenues were \$204.1 million. General Fund revenue accounted for \$179.8 million or 88% of total revenues.
- The District had \$213.2 million in expenses; \$45.6 million of these expenses were offset by program specific charges for services and grants and/or contributions.
- Outlays for capital improvements were \$7.8 million, primarily for the purchase and
 installation of modular buildings, purchase of transportation mechanics facility and
 facility modernization. Facility modernization projects include HVAC, plumbing,
 installation of new asphalt, roofing, shade shelters, and flooring. Governmental funds
 report capital outlay as expenditures. However, in the statement of activities the cost of
 these assets is allocated over their useful lives as depreciation expense.
- Among major funds, the General Fund had \$179,476,423 in revenues and \$185,133,942 in expenditures. The excess expenditures are a result of one-time funds from the state and several grants that were received up front, in prior year's, to support multi-year programs. The District has restricted, as required by law, the \$2.1 million unspent program grant funds and assigned \$1.8 million for year-three of a planned seven—year common core curriculum adoption and \$1.1 in site carryover. Over the past few years, the state has paid down nearly all backlogged mandate claims and outstanding Proposition 98 maintenance factor obligations, as a result, annual increases in state revenues are expected to diminish.
- School districts in California continue their implementation of the Local Control Funding Formula (LCFF), a comprehensive reform of how funding is allocated for K-12 schools. The LCFF was adopted by the state in 2013 to replace the Revenue Limit funding formula and the majority of state categorical programs, a structure that had been in place for 40 years. The LCFF model requires local determination of priorities for the expenditure of funds. Districts develop a Local Control Accountability Plan (LCAP) to explain programs and priorities to the community. Input from the community is required as part of the development of the plan, and it is intended to assist in promoting transparency for the districts.

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Fiscal Year Ended June 30, 2017

- The LCFF consists of base, supplemental, and concentration funding. Base funding provides consistent per student funding rates for all students state-wide using grade level groupings. Additional funding is provided for students identified as higher need: low socio-economic, English learners, homeless, and foster youth. Supplemental funding provides an additional 20% of the base funds for the unduplicated count of students who are identified in these higher need categories. Concentration funding is provided to districts exceeding 55% of their population identified in the unduplicated pupil count. Concentration grant funding provides an additional 50% of the base funds for the percentage of students that exceed 55%. For the 2016-17 school year, Ventura Unified's unduplicated count of students was 54.1%.
- In the November 2016 election, the District was successful in extending a parcel tax that was first initiated in the 2013-14 school year. The community approved continuing the \$59 per parcel per year tax through the 2020-21 school-year. Annual parcel tax receipts generate \$2.1 million for the District.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts, management's discussion and analysis (this section), the basic financial statements, and the supplementary information, comprised of required and other supplemental information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *District-wide financial statements* that provide both *short-term and long-term* information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the District, reporting the District's operations in more detail.

The financial statements also include *notes* that explain some of the statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the financial statements with comparison of the District's budget for the year.

District-wide Statements

The District-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the District's assets, deferred outflows of resources, liabilities, and deferred-inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two District-wide statements report the District's *net position* and how they have changed. Net position— the difference between the District's assets plus deferred outflow of resources less liabilities and deferred inflows of resources—is one way to measure the District's financial health or *position*.

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Fiscal Year Ended June 30, 2017

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional non-financial factors such as changes in the District property tax base and the condition of school buildings and other facilities.

In the District-wide financial statements the District's activities include:

• Governmental activities—Most of the District's basic services are included here, such as regular and special education, transportation, and administration. Property taxes and LCFF finance most of these activities. Other funds in the District are also included here and are described in the notes to the financial statements

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant *funds*—not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes (such as repaying its long-term debts) or to show that it is properly using certain revenues (such as federal grants).

The District has two kinds of funds:

- Governmental funds—Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the District-wide statements, we provide additional information that explains the relationship (or differences) between them.
- Fiduciary funds—The District is the trustee, or fiduciary, for assets that belong to others, such as the scholarship fund and the student activities funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the District-wide financial statements because the District cannot use these assets to finance its operations.

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Fiscal Year Ended June 30, 2017

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net position. The District's combined net position from governmental activities was \$25.0 million. The \$9.1 million decrease was primarily due to implementing English and Math standard aligned curricula in several grade levels and increasing retirement contribution rates. An additional \$2.3 million decrease resulted from the implementation of GASB Statement No. 73 as discussed at Note 17. Table 1 provides a summary of the District's combined net position for 2017.

Total combined assets were \$231.0 million, capital assets were 78% (\$179.8 million) of total assets and non-capital assets were 22% (\$51.2 million) of total assets. Total liabilities were \$240.0 million; 6% (\$15.3 million) current and 94% (\$224.7 million) long term. Of the District's *Governmental Activities* net position, \$124.2 million were invested in capital assets net of related debt, \$26.4 million were legally restricted, and negative <\$125.6> million were unrestricted.

Table 1
Ventura Unified School District's Combined Net Position
(In Millions)

Summary of Statement of Net Position	 2016	 2017		Total Change	Total % Change
Non-capital Assets	\$ 61.0	\$ 51.2	\$	(9.8)	-16.1%
Capital Assets	178.6	179.8		1.2	0.7%
Total Assets	 239.6	231.0		(8.6)	-3.6%
Deferred Charge on Refunding	0.9	0.8		(0.1)	-11.1%

Net Position Unrestricted	(110.2)	 (125.6)		(15.4)	14.0%
Total Net Position	\$ 36.4	\$ 25.0	\$	(11.4)	-31.3%

^{*} Prior year numbers have not been restated due to implementation of GASB Statement No. 73.

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Fiscal Year Ended June 30, 2017

Significant changes include:

• Cash in county treasury decreased by \$9.8 million primarily due to expending of onetime funds from the state and several grants that were received in 2015-16. The net position legally restricted for capital outlay decreased \$3.6 million or <18%>. The net position restricted for educational programs increased \$2.0 million or 68% due to reserving of program grant funds to support multi-year programs. Long term liabilities increased \$24.2 million primary due to an increase in the District's reportable share of the retirement systems net pension liability.

Activities. Total cost of all governmental activity programs and services was \$213.2 million. Instruction and pupil services made up 77% of total program cost, plant services were 9%, and general administration was 5%. Table 2 provides a summary of the District's governmental activities.

With the implementation of the LCFF, the funding received from Proposition 30 and an improved California economy, funding received from the state for education increased for the third consecutive year. The parcel tax, \$2.1 million, that was collected for the fourth year in 2016-17, helped to maintain class sizes, purchase technology, and support the arts and music education.

Table 2 (In Millions)

Summary of Statement of Activities		2016		2017	otal ange	Total % Change
Summary of Statement of Activities	-			2017	 	e i i i i j

^{*} Prior year numbers have not been restated due to implementation of GASB Statement No. 73.

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Fiscal Year Ended June 30, 2017

Significant changes include:

Revenues:

- Local Control Funding Formula increased \$4.9 million, or 4% primarily based on the "gap" funding for 2016-17.
- Federal revenues decreased primarily as a result of the multi-year \$10.3 million Magnet Schools Assistance Program grant for six elementary schools the District was awarded in 2013-14, grant allocation revenues and expenditures are lower as 2016-17 is the final year of the program.
- State revenues decreased primarily as a result of a reduction in one-time funds from the state and the Educator Effeteness grant received in 2015-16 to support a three year program.

Expenses:

- The District funded a full-year of the 7% salary increases for all staff that went into effect on February 1, 2016. In addition, the District increased its contribution to the cost of the employee health and welfare benefit package, from \$15,480 to \$15,888 per full time employee and in 2016-17 incurred a \$2.0 million increase in retirement contribution expenditures as a result of the increasing rates in both California State Teachers Retirement System and California Public Employee Retirement System.
- The District made increased capital investment in both school facilities and infrastructure. Major expenditures include \$1.4 million for the purchase and installation of additional modular buildings and \$2.0 million for the acquisition of property and buildings to house the District's transportation mechanics facility.
- The District expended \$5.2 million in 2016-17 for year one and two of a planned seven—year common core curriculum adoption.

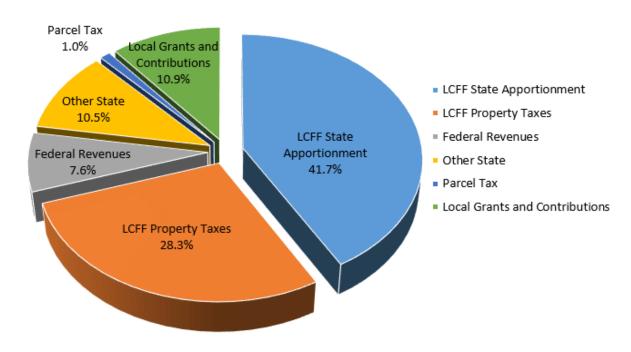

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Fiscal Year Ended June 30, 2017

Governmental Activities

The District's governmental activities totaled \$202.1 million. Local control funding formula (funded by property taxes and state funds) generated 70.0% of the revenues, 18.1% was from federal and state grants and contributions, 10.9% from local sources and charges for services, and 1.0% from the parcel tax. General revenues, local control funding formula and the related property taxes were received to provide for the District's basic services.

Figure 1

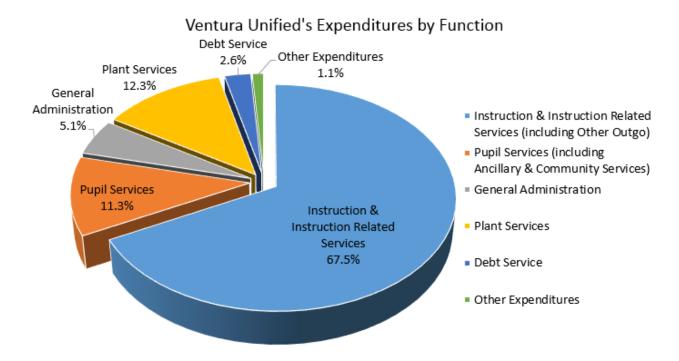

Ventura Unified Revenues by Source

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Fiscal Year Ended June 30, 2017

The cost of all the District's activities: instruction, guidance, counseling, evaluation, school leadership, student transportation, administration and, maintenance and operations was \$210.4 million. Instruction and instructional related services was \$142.1 million, 67.5%, pupil services were \$23.7 million, 11.3%, general administration \$10.8 million, 5.1%, plant services \$26.0 million, 12.3%, debt service \$5.5 million, 2.6% and other expenditures were \$2.4 million, 1.1%. Users of the District programs paid \$5.4 million of the cost. The federal and state governments subsidized approximately \$40.2 million in certain program costs with grants and contributions. Most of the District's expenses (\$164.9 million) were paid for by District taxpayers and the taxpayers of our state.

Figure 2

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Fiscal Year Ended June 30, 2017

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

General Fund Budgetary Highlights

Over the course of the year, the District revises its annual operating budget several times. The District is required to adopt its budget by July 1st each year, which is prior to final funding information from the state. After the state budget is adopted the District is required to present the impacts of the state budget, if significant, to the District budget, within 45 days of the Governor's signature. The District is also required by law to make two formal presentations each year on its financial condition. Budget revisions are made after the presentations to reflect current information. Budget revisions are also made throughout the year as information regarding funding and expenditures becomes available.

Actual revenues were <\$1.1> million less than the final budget amount. Local control funding formula was \$0.2 million more than budgeted. Federal revenues were <\$0.2> million less than budgeted as program budgets were not fully expended. Other state revenues were <\$1.5> million less than budgeted primarily due to STRS On-Behalf calculation revision that also results in an offsetting expenditure reduction. Local revenues were \$0.3 more than budgeted.

Actual expenditures were <\$0.9> million less than the final budgeted amount.

Capital Assets

The District had invested \$7.8 million in capital assets during the 2016-17 school year. Overall, total capital assets increased from \$178.6 million as of July 1, 2016 to \$179.8 million as of June 30, 2017. The majority of capital outlay expenditures occur in the Building Fund, Capital Facilities Fund (Residential), and General Fund. Additional information on the changes in capital assets can be found at Note 7.

Debt Administration

On June 30, 2017, the District had \$49.8 million in general obligation bond long-term debt, a 4.7% (\$2.5 million) decrease over last year. Additional information on the changes in long-term debt can be found at Note 9. The District's bonds currently are rated "Aa2".

Average Daily Attendance

Average daily attendance reported on the second period attendance report for the regular education K-12 program decreased by 92 to 16,370 while the enrollment count decreased by 144 students, to 16,981, as measured by the California Basic Education System (CBEDS). School sites continue working diligently to reduce absences with eighteen of twenty-six schools achieving 96% or greater attendance rates.

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Fiscal Year Ended June 30, 2017

Factors bearing on the District's future

Although the District is financially stable, its financial condition is highly dependent upon the economic condition of the State of California. Continued economic growth in California is uncertain. The California Legislative Analyst's Office is projecting state revenues under two scenarios: economic growth and moderate recession. The growth scenario would have K-12 education spending increase at an average annual rate of 3.2% 2018-19 to 2021-22, conversely, the moderate recession scenario would have K-12 education spending decrease at an average annual rate of <2.9%> 2018-19 to 2021-22. At the same time, the District's General Fund expenditures are expected to rise at an average annual rate of 2.2%. The moderate recession scenario would have the state's operating surplus decline from a \$5 billion per year surplus to an \$11 billion deficit by 2021-22. The LAO cautions that the current economic expansion will not last forever and that a sizable reserve is the key to managing the next downturn with minimal disruptions to public services. Thus, the LAO offers that, "Less additional ongoing spending on public programs now probably would mean fewer difficult choices about those programs later."

The District continues to maintain a cautious approach, focusing on the maintenance and enhancement of programs for the current year and adjusting plans for the future in light of uncertainty.

The District currently maintains the required 3% reserve for economic uncertainties and continues to look for ways to optimize revenues while reviewing expenditures for the best value in educating the children of the District.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional information contact Joseph Richards, Deputy Superintendent of Business at Ventura Unified School District, 255 West Stanley Ave, Ventura California 93001.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION June 30, 2017

Total fund balances - governmental funds

\$ 39,953,077

Amounts reported for governmental funds are different than the statement of net position because:

Capital assets used in governmental activities are not financial resource and, therefore, are not reported as assets in governmental funds. These assets consist of:

Land	\$ 13,454,888	
Depreciable assets, net	166,351,028	179,805,916
Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in governmental funds. Long-term liabilities at year-end consist of:		
General obligation bonds and related bond premium	(54,762,238)	
Certificates of participation (COPS)	(1,547,000)	
Installment loan	(442,858)	
Compensated absences	(978,032)	

Postemployment healthcare benefits (OPEB) (3,118,038)
Net pension liability (166,949,675) (227,797,841)

In governmental funds, deferred outflows and inflows of resources are not reported because they are applicable to future periods. Deferred outflows and inflows of resources at year-end consist of:

Deferred charge on refunding	838,082	
Deferred outflows - pensions	43,913,604	
Deferred inflows - pensions	(10,773,842)	33,977,844

Interest expense related to general obligation bonds and COPS was incurred but not accrued through June 30, 2017.

(948,909)

Total net position - governmental activities

\$ 24,990,087

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The District accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's *California School Accounting Manual*, updated to conform to the most current financial and reporting requirements promulgated by the California Department of Education. The accounting policies of the District conform to generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB).

The significant accounting policies applicable to the District are described below.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with GAAP as prescribed by GASB. The financial statement presentation required by GASB provides a comprehensive, entity-wide perspective of the District's financial activities. The entity-wide perspective enhances the fund-group perspective previously required. Fiduciary activities are excluded from the basic financial statements and are reported separately in the fiduciary fund statements.

The District's basic financial statements consist of government-wide statements, including a Statement of Net Position, a Statement of Activities, and fund financial statements.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities displays information about the District as a whole. These statements include the financial activities of the primary government. Fiduciary funds are excluded.

The Statement of Net Position presents the financial condition of the governmental activities of the District at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District. Depreciation and interest expense have not been allocated to specific functions.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Financial Statements

During the year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The fiduciary funds are reported by type.

The fund financial statement expenditures are presented in a function-oriented format. The following is a brief description of the functions:

Instruction: includes the activities directly dealing with the interaction between teachers and students.

Instruction-Related Services: includes supervision of instruction, instructional library, media and technology, and school site administration.

Pupil Services: includes home to school transportation, food services, and other pupil services.

Ancillary Services: includes activities that are generally designed to provide students with experiences outside the regular school day.

Community Services: includes activities that provide services to community participants other than students.

Enterprise Activities: includes activities where the stated intent is that the costs are financed or recovered primarily through user charges. This function includes activities related to the recording of retiree health benefits and deferred compensation plan expenditures.

General Administration: includes data processing services and all other general administration services

Plant Services: includes activities of maintaining the physical plant. This also includes facilities acquisition and construction expenditures.

Other Outgo: includes transfers to other agencies.

Debt Service: includes principal and interest payments for long term debt.

Fiduciary fund expenses are presented by natural classification.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Accounting

To ensure compliance with the California Education Code, the financial resources of the District are divided into separate funds for which separate accounts are maintained for recording cash, other resources and all related liabilities, obligations, and equities.

The Statement of Revenues, Expenditures and Changes in Fund Balance are statements of financial activities of the particular fund related to the current reporting period. Expenditures of the various funds frequently include amounts for land, buildings, equipment, retirement of indebtedness, transfers to other funds, etc. Consequently, these statements do not purport to present the result of operations or the net income or loss for the period as would a statement of income for a profit-type organization. The modified accrual basis of accounting is used for all governmental funds.

Governmental Funds - Major

General Fund: used to account for all financial resources except those required to be accounted for in another fund.

Building Fund: the Building Fund is a consolidation of three sub-funds:

Building Fund (Fund #210): used to account for the construction and/or acquisition of major capital facilities. Income is from rental of unused sites.

Building Fund Series A (Fund #211): used to account for the proceeds of Certificates of Participation and for acquisition, retro-fitting and operation of real property.

Bond Building Fund (Fund #213): used to account for proceeds of general obligation bonds and for construction and repairs of facilities.

<u>Governmental Funds – Non-Major</u>

Special Revenue Funds: used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects.

Adult Education Fund (Fund #110): used to account for resources restricted or committed to adult education programs maintained by the District.

Child Development Fund (Fund #120): used to account for resources restricted to child development programs.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cafeteria Fund (Fund #130): used to account for revenues received and expenditures made to operate the District's cafeterias.

Capital Projects Funds: used to account for the financial resources that are restricted, committed or assigned for the acquisition and/or construction of major governmental general fixed assets.

Capital Facilities Fund (Residential) (Fund #250): used to account for resources received from residential developer impact fees.

Capital Facilities Fund (Commercial) (Fund #251): used to account for resources received from commercial developer impact fees.

County School Facilities Fund (Fund #356): used to account for the School Facility Program grants award for modernization of high school and elementary sites.

Debt Service Funds: used to account for the financial resources that are restricted, committed or assigned and the accumulation of resources for, the payment of general long-term debt principal, interest, and related costs.

Bond Interest and Redemption Fund (#510): used to collect taxes and pay for debt service associated with general obligation bonds.

Fiduciary Funds

Private Purpose Trust Fund: is a consolidation of two sub-funds:

David Graham and Stella Brittingham Memorial Scholarship Fund (Fund #736): used to award scholarships to students and/or graduates of the District who have participated in aquatic sports.

Foundation Fund (Fund #730): used to account for donations of funds from private individuals and organizations.

Associated Student Body Fund: used to account for raising and expending money to promote the general welfare, morale, and educational experiences of the student body organizations. The District operates eight organized student body funds and two unorganized student body funds.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

measurement made, regardless of the measurement focus applied. Revenues in governmental fund financial statements are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash in the county treasury is recorded at cost, which approximates fair value.

Receivables

Receivables are generally recorded when the amount is earned and can be estimated. All material receivables are considered fully collectible. Per Education Code Section 33128.1, a local education agency may recognize for budgetary and financial reporting purposes any amount of state appropriations deferred from the current fiscal year and appropriated from the subsequent fiscal year for payment of current year costs as a receivable in the current year.

Inventories

Inventories are presented at the lower of cost or market on an average basis and are expensed when used. Inventory consists of expendable supplies held for consumption. At June 30, 2017, the total supply inventory is \$434,565, food inventory is \$30,069 and inventories maintained by student body organization totaled \$45,141.

Prepaid Expenses/Expenditures

Payments made to vendors for goods or services that will benefit periods beyond June 30, 2017, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expense is reported in the year in which goods or services are consumed.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Capital Assets

Generally, capital assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the Statement of Net Position, but are not reported in the fund financial statements.

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of \$5,000. The District does not own any infrastructure as defined by GASB. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All reported capital assets except for land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Description	Estimated Lives
Buildings and improvements	20-40 years
Furniture and equipment	3-12 years
Vehicles	5-20 years

Deferred Outflows of Resources

Deferred outflows of resources represent a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense) until then. These amounts are reported in the government-wide statement of net position.

Deferred Charge on Refunding: A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

Deferred Outflows – Pensions: The deferred outflows of resources related to pensions resulted from District contributions to employee pension plans subsequent to the measurement date of the actuarial valuations for the pension plans and the effects of actuarially-determined changes to the pension plan. These amounts are deferred and amortized as detailed in Note 14 to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Unearned Revenue

Cash received for federal and state special projects and programs is recognized as revenue to the extent that qualified expenditures have been incurred. Unearned revenue is recorded to the extent eligibility requirements have not been met.

Compensated Absences

Accumulated unpaid employee vacation benefits are recognized as a liability when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Sick leave benefits are accumulated without limit for each employee. The employees do not gain a vested right to accumulated sick leave, therefore, accumulated employee sick leave benefits are not recognized as a liability of the District. The District's policy is to record sick leave as an operating expense in the period taken. However, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

Long-Term Obligations

The District reports long-term debt of governmental funds at face value in the government-wide financial statements.

Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. General obligation bonds are reported net of the applicable bond premium.

In the fund financial statements, governmental fund types recognize bond premiums, as well as bond issuance costs, during the current period. The face amount of debt issued and premiums received on debt issuances are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

Net Pension Liability

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) plan for schools (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalSTRS and CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Member contributions are recognized in the period in which they are earned. Investments are reported at fair value.

Deferred Inflows of Resources

Deferred inflows of resources represent an acquisition of net position by the District that is applicable to a future reporting period. The deferred inflows of resources related to pensions resulted from the effects of actuarially-determined changes to the pension plan. These amounts are deferred and amortized as detailed in Note 14 to the financial statements.

Net Position

Net position represents the difference between assets plus deferred outflows of resources less liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on use through external restrictions imposed by donors, grantors, laws or regulations of other governments or by enabling legislation adopted by the District

Fund Balance Classification

The governmental fund financial statements present fund balance classifications that comprise a hierarchy based on the extent to which the District is bound to honor constraints on the specific purposes for which amounts can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable: Amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.

Restricted: Amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed: Amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District Board of Education. These amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same formal action (vote or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Assigned: Amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. The Board of Education, through a formal action has given authority to the Deputy Superintendent of Business Services to assign amounts for a specific purpose that is neither restricted nor committed.

Unassigned: The residual fund balance for the General Fund and all other spendable amounts.

Spending Order Policy

The District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted net position or fund balance is available.

When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District's policy considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Education has provided otherwise in its commitment or assignment functions.

Minimum Fund Balance Policy

The District has adopted a minimum fund balance policy in order to protect against revenue shortfalls and unexpected one-time expenditures. The policy requires a reserve for economic uncertainties consisting of unassigned amounts which represent the minimum recommended reserve consistent with the criteria and standards for fiscal solvency adopted by the State Board of Education. The minimum recommended reserve for a district this size is 3% of budgeted General Fund expenditures and other financing uses.

State Apportionments

Certain current year apportionments from the state are based upon various financial and statistical information of the previous year. Second period to annual corrections for Local Control Funding Formula and other state apportionments (either positive or negative) are accrued at the end of the fiscal year.

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1st. Taxes are payable in two installments on November 1st and February 1st. Unsecured property taxes are payable in one installment on or before August 31st.

Real and personal property tax revenues are reported in the same manner in which the county auditor records and reports actual property tax receipts to the California Department of

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Education. This is generally on a cash basis. A receivable has not been recognized in the General Fund for property taxes due to the fact that any receivable is offset by a payable to the state for Local Control Funding Formula purposes. Property taxes for debt service purposes cannot be estimated and have therefore not been accrued in the government-wide financial statements.

On-Behalf Payments

GAAP requires that direct on-behalf payments for fringe benefits and salaries made by one entity to a third party recipient for the employees of another, legally separate entity be recognized as revenue and expenditures by the employer government. The State of California makes direct on-behalf payments for retirement benefits to the State Teachers' Retirement System on behalf of all school districts in California. The amount of on-behalf payments made for the District has been recorded in the fund financial statements.

Contributed Services

Generally accepted accounting principles require that contributions of donated services that create or enhance non-financial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are to be recorded at fair value in the period received. Although the District receives numerous hours of volunteer time, it is not deemed necessary to record these hours on the books of the District based on the above guidelines. In addition, the District receives donations of immaterial equipment and supplies which are not recorded upon receipt.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Reporting Entity

The District is the level of government primarily accountable for activities related to public education. The governing authority consists of elected officials who, together, constitute the Board of Education.

The District considered its financial and operational relationships with potential component units under the reporting entity definition of GASB. The basic, but not the only, criterion for including another organization in the District's reporting entity for financial reports is the ability of the District's elected officials to exercise oversight responsibility over such agencies. Oversight

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

responsibility implies that one entity is dependent on another and a financial benefit or burden relationship is present and that the dependent unit should be reported as part of the other.

Oversight responsibility is derived from the District's power and includes, but is not limited to: financial interdependency; selection of governing authority; designation of management; ability to significantly influence operations; and accountability for fiscal matters.

Due to the nature and significance of their relationship with the District, including ongoing financial support of the District or its other component units, certain organizations warrant inclusion as part of the financial reporting entity. A legally separate, tax-exempt organization should be reported as a component unit of the District if all of the following criteria are met:

- The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the District, its component units, or its constituents.
- The District, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization.
- The economic resources received or held by an individual organization that the District, or its component units, is entitled to, or has the ability to otherwise access, are significant to the District.

Based upon the application of the criteria listed above, the following potential component unit has been included in the District's reporting entity:

The Ventura County Schools Public Financing Corporation: The financial activity has been blended in the District's Building Fund Series A. Individually prepared financial statements are not prepared for the Corporation.

The following potential component units have been excluded from the District's reporting entity:

Ventura Education Partnership (VEP): VEP is a separate not-for-profit corporation. VEP is not included as a component unit because the third criterion was not met; the economic resources received and held by VEP are not significant to the District. Separate financial statements for VEP may be obtained through the District.

Various PTA, PTO and Booster Clubs: Each of these types of organizations at each of the school sites within the District were evaluated using the three criterions listed above. Each entity has been excluded as a component unit because the third criterion was not met in all cases; the economic resources received and held by the PTA, PTO and the Booster Club individually are not significant to the District.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 2: BUDGETS

By state law, the District's Governing Board must approve a budget no later than July 1, using the Single Adoption Budget process. A public hearing must be conducted to receive comments prior to adoption. The District's Governing Board satisfied these requirements. Budgets for all governmental funds were adopted on a basis consistent with GAAP.

These budgets are revised by the District's Governing Board during the year to give consideration to unanticipated income and expenditures. The original and final revised budget for the General Fund is presented in a budgetary comparison schedule in the required supplementary section.

Formal budgetary integration was employed as a management control device during the year for all budgeted funds. Expenditures cannot legally exceed appropriations by major object account.

NOTE 3: <u>DEPOSITS AND INVESTMENTS</u>

Deposits

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits, including those of fiduciary funds, may not be returned to it. The District has established a policy for custodial risk that follows requirements as set forth in Education Code 41002.5. As of June 30, 2017, \$1,119,173 of the District's bank balance of \$1,764,267 was exposed to credit risk as uninsured and collateral held by pledging bank's trust department not in the District's name.

Cash in County

In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the Ventura County Treasury as part of the common investment pool. The District is considered an involuntary participant in the investment pool. These pooled funds are recorded at amortized cost which approximates fair value. Fair value of the pooled investments at June 30, 2017 is measured at 100.03% of amortized costs. The District's deposits in the fund are considered to be highly liquid.

The county is authorized to deposit cash and invest excess funds by California Government Code Sections 53534, 53601, 53635 and 53648. The county is restricted to invest in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The funds maintained by the county are either secured by federal depository insurance or are collateralized. The county investment pool is not required to be rated. Interest earned is deposited quarterly into participating funds. Any

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 3: <u>DEPOSITS AND INVESTMENTS</u>

investment losses are proportionately shared by all funds in the pool.

The county investment pool is not registered as an investment company with the Securities and Exchange Commission (SEC) nor is it an SEC Rule 2a7-like pool. California Government Code statutes and the County Board of Supervisors set forth the various policies that the County Treasurer follow. The method used to determine the value of the participant's equity withdrawn is based on the book value, which is amortized cost, of the participant's percentage participation on the date of such withdrawals.

The pools sponsor's annual financial report may be obtained from the Ventura County Board of Supervisors, County Government Center, 800 South Victoria Avenue, Ventura, CA 93009.

NOTE 4: ACCOUNTS RECEIVABLE

Accounts receivable as of June 30, 2017 consists of the following:

					Non-Major			Total		
					Governmental		G	overnmental	Fo	undation
Accounts Receivable	Ge	neral Fund	Building Fund		Funds		Funds		Tru	ıst Funds
Federal and state	\$	6,215,678	\$	-	\$	1,800,879	\$	8,016,557	\$	-
Miscellaneous		787,242		51,158		788,701		1,627,101		3,026
Total accounts receivable	\$	7,002,920	\$	51,158	\$	2,589,580	\$	9,643,658	\$	3,026

NOTE 5: <u>INTERFUND TRANSACTIONS</u>

Interfund activity has been eliminated in the government-wide statements. The following balances and transactions are reported in the fund financial statements.

Interfund Receivables/Payables

Individual interfund receivable and payable balances at June 30, 2017 are temporary loans and are detailed as follows:

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 5: <u>INTERFUND TRANSACTIONS</u>

	Interfund			Interfund
Fund	Receivables			Payables
General Fund	\$	1,207,881	\$	91,454
Building Fund		85,492		87,374
Non-Major Governmental Funds:				
Adult Education Fund		75,531		272,512
Child Development Fund		4,449		106,156
Cafeteria Fund		815		688,531
Capital Facilities Fund (Residential)		10,660		73,440
Capital Facilities Fund (Commercial)		-		2,636
Fiduciary Funds:				
Foundation Fund				62,725
Total	\$	1,384,828	\$	1,384,828

Interfund Transfers

Interfund transfers consist of operating transfers from funds receiving revenue to funds through which the resources are to be expended.

Interfund transfers for the 2016-17 fiscal year are as follows:

Transfer from the General Fund to the Cafeteria Fund to support the child nutrition program.	\$ 650,000
Transfer from the General Fund to the Adult Education Fund to support the adult education programs provided to high school students for free to receive credit-recovery units to recoup credits towards graduation.	150,000
Transfer from the Adult Education Fund to the Building Fund for debt service and common area maintenance.	458,144
Transfer from the Capital Facilities Fund (Residential and Commercial) to the General Fund to pay for developer fee administration.	76,076
Transfer from the County Schools Facilities Fund to the Building Fund to reimburse for plumbing infrastructure project at ATLAS elementary school.	 131,696
Total	\$ 1,465,916

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

Machinery, equipment, and vehicles	 12,150,018		831,939				12,981,957
Total capital assets being depreciated	282,054,123		6,768,941				288,823,064
Less accumulated depreciation for:							
Buildings and improvements	107,105,520		6,394,919		-		113,500,439
Machinery, equipment, and vehicles	 8,777,236		194,361				8,971,597
Total accumulated depreciation	 115,882,756		6,589,280				122,472,036
Depreciable assets, net	 166,171,367		179,661				166,351,028
Governmental activities capital assets, net	\$ 178,598,126	\$	1,207,790	\$		\$	179,805,916

The total land balance reported above includes \$678,019 of land considered to be idle property as of June 30, 2017.

NOTE 8: TAX REVENUE ANTICIPATION NOTES

The District issued \$18,270,000 of Tax Revenue Anticipation Notes dated July 14, 2016 through the California School Cash Reserve Program Authority (2016-17, Series C). The notes matured on June 30, 2017 and carried a 2.0% interest rate. The notes were sold by the District to supplement its cash flow.

Repayment requirements were that principal of \$9,135,000 be set aside on January 31, 2017 and that \$9,135,000 plus \$351,190 of interest be set aside with the U.S. Bank National Association (the Trustee) on April 30, 2017.

The payments were transferred to and set aside in a separate fund of the Trustee in a timely manner. The monies were required to remain on deposit until the maturity date of the note, June 30, 2017, at which time they were applied to pay the principal and interest on the notes.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 9: LONG-TERM DEBT – SCHEDULE OF CHANGES

A schedule of changes in long-term debt for the year ended June 30, 2017 is shown below.

	Balance				Balance	Α	mount Due
	July 1, 2016	Additions	Additions Rec		June 30, 2017	iı	n One Year
General obligation bonds	\$ 52,345,000	\$ -	\$	2,535,000	\$ 49,810,000	\$	2,480,000
Premium on general obligation bonds	5,287,483			335,245	4,952,238		_
Total general obligation bonds	57,632,483	-		2,870,245	54,762,238		2,480,000
Certificates of participation	1,903,000	-		356,000	1,547,000		368,000
Installment loan	658,163	-		215,305	442,858		219,362
Compensated absences	990,540	-		12,508	978,032		-
Postemployment healthcare benefits	2,621,556	496,482		-	3,118,038		-
Net pension liability *	142,459,355	24,737,438		247,118	166,949,675		
Total	\$206,265,097	\$ 25,233,920	\$	3,701,176	\$227,797,841	\$	3,067,362

^{*} The July 1, 2016 balance has been restated by \$2,635,798 for the cumulative effect of the adoption of Accounting Standards Board Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. See note 17.

General obligation bond liabilities are liquidated by the tax assessments recorded in the Bond Interest and Redemption Fund. Net pension liability (asset) and compensated absences are liquidated by the fund with the related salary expenditure. Certificates of participation are liquidated by adult education fees. The installment loan and postemployment healthcare benefits are liquidated by the General Fund.

NOTE 10: GENERAL OBLIGATION BONDS

On 1997, the voters approved the issuance of bonds, not to exceed \$81 million, for the purpose of raising money to finance the acquisition, construction and modernization of school facilities and paying related costs. Between 1997 and 2005, the District issued bonds Series A through Series I, totaling \$81 million.

Between 2004 and 2014 Series A through Series I were re-financed and proceeds associated with the refunding were deposited into escrow accounts and as such the applicable bond series are considered in-substance defeased. The defeased debt has been fully paid by the escrow agent.

During July 2015 the outstanding 2005 General Obligation Refunding Bonds were refunded. The proceeds associated with the refunding were deposited in an escrow account and as such the applicable refunded bonds are considered in-substance defeased. The defeased debt has been fully paid by the escrow agent.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 10: GENERAL OBLIGATION BONDS

The difference between the reacquisition price and the net carrying amount on refunded debt is deferred and amortized as a component of interest expense over the life of the new debt. Payments to the refunding escrow agents exceeded the existing carrying value of the refunded debt by \$1,155,418. This amount is amortized using the straight-line method. Amortization of \$54,043 was recognized during the fiscal year.

The outstanding general obligation bonded debt of the District at June 30, 2017 is:

	Date of	Date of	Interest	Amount of	Outstanding
General Obligation Bonds	Issue	Final Maturity	Rate %	Original Issue	June 30, 2017
2010 Refunding	11/4/2010	8/1/2031	2.0-5.0	\$ 14,510,000	\$ 10,940,000
2012 Refunding	4/11/2012	8/1/2034	3.0-5.0	13,760,000	12,375,000
2014 Refunding	7/29/2014	8/1/2034	2.0-5.0	17,570,000	16,130,000
2015 Refunding	7/30/2015	8/1/2029	2.0-5.0	11,140,000	10,365,000
Total				\$ 56,980,000	\$ 49,810,000

The annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending June 30,	Principal	 Interest		
2018	\$ 2,480,000	\$ 2,260,118		
2019	2,575,000	2,155,918		
2020	2,685,000	2,039,869		
2021	2,810,000	1,909,581		
2022	2,985,000	1,765,944		
2023-2027	17,520,000	6,457,288		
2028-2032	15,865,000	2,175,431		
2033-2035	 2,890,000	 135,891		
Total	\$ 49,810,000	\$ 18,900,040		

NOTE 11: CERTIFICATES OF PARTICIPATION

The District entered into a certificate of participation agreement dated March 1, 2016. The proceeds of \$1,903,000, after payment of costs, were used to refund the outstanding Certificates of Participation Series 2002.

The Ventura County Schools Public Facilities Financing Corporation acts as a purchaser and lessor of the property. Lease payments are required to be made by the District under the lease agreement each October 1st and April 1st for use and possession of the property for the period commencing October 1, 2016 and terminating April 1, 2022. Lease payments will be funded in part from the proceeds of the certificates.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 11: CERTIFICATES OF PARTICIPATION

Required principal and interest payments as follows:

Year Ending June 30,	Principal	Interest		
2018	\$ 368,000	\$	27,063	
2019	374,000		20,191	
2020	382,000		13,196	
2021	390,000		6,054	
2022	 33,000		474	
Total	\$ 1,547,000	\$	66,978	

Certificates of Participation are long-term debt instruments which are tax exempt and therefore issued at an interest rate of 1.86%, which is below current market levels for taxable investments.

NOTE 12: INSTALLMENT LOAN

On September 22, 2014, the District entered into a master installment purchase agreement for the purchase of ten buses in the amount of \$1,297,194. The purchase agreement calls for an initial payment totaling \$427,708 with annual loan installment payments over the next four years including interest at a rate of 1.885%.

Required principal and interest payments as follows:

Year Ending June 30,	Principal		Interest		
2018	\$ 219,36	2 \$	8,345		
2019	223,49	6	4,212		
Total	\$ 442,85	8 \$	12,557		

NOTE 13: POST EMPLOYMENT HEALTHCARE BENEFITS

Plan Description and Eligibility

The District administers a single-employer defined benefit healthcare plan (the Retiree Health Plan). The plan provides health, dental and vision benefits to all Certificated and Classified employees who were retired from the District as of June 30, 1993. The plan also provides for benefits to their spouses. The Retiree Health Plan does not issue a separate financial report.

Funding Policy

The District currently finances benefits on a pay-as-you-go basis. The District contributes 100 percent of the cost of current year premiums for eligible retired plan members and their spouses as applicable. Classified retirees who retired with fewer than 14 years of service must contribute

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 13: POST EMPLOYMENT HEALTHCARE BENEFITS

a portion of the cost of their coverage and all classified retirees must contribute the cost of dental and vision coverage for their dependents. For fiscal year ended 2016, the District contributed \$2,057,006 to the plan.

Annual OPEB Cost and Net OPEB Obligation

The District's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed, and changes in the OPEB obligation:

	Balance
Annual OPEB Cost and Net OPEB Obligation	June 30, 2017
Annual required contribution (ARC)	\$ 2,885,406
Interest on net OPEB obligation	104,862
Adjustment to ARC	(436,780)
Annual OPEB cost	2,553,488
Contributions made	(2,057,006)
Change in net OPEB obligation	496,482
Net OPEB obligation - beginning of year	2,621,556
Net OPEB obligation - end of year	\$ 3,118,038

The District's annual OPEB cost, the percentage of annual OPEB cost contributed, and the net OPEB obligation was as follows:

	Percentage of					
		Annual	Annual OPEB		Net OPEB	
Year Ending June 30,	C	OPEB Cost	Cost Contributed		Obligation	
2015	\$	3,054,386	83.9%	\$	2,330,504	
2016		2,590,342	88.8%		2,621,556	
2017		2,553,488	82.0%		3,118,038	

Funding Status and Funding Progress

As of July 1, 2015, the most recent actuarial valuation date, the plan was unfunded. The actuarial accrued liability for benefits as well as the unfunded actuarial accrued liability (UAAL) was \$17,318,365. Because the plan is limited to individuals who retired as of June 30, 1993, there are no active employees covered by the plan.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 13: POST EMPLOYMENT HEALTHCARE BENEFITS

Actuarial valuations of an ongoing benefit plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of postemployment healthcare benefits funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets, if any, is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, if any, consistent with the long-term perspective of the calculations.

In the July 1, 2015 actuarial valuation, the unit credit actuarial cost method was used. The actuarial assumptions included a 4.0% investment rate of return (net of administrative expenses) which is a blended rate of the expected long-term investment returns on plan assets and on the employers own investments calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 8.25% initially, reduced by decrements to an ultimate rate of 5.0% after fourteen years. The UAAL is being amortized using a level dollar amortization method over a closed fifteen year period. The remaining amortization period at June 30, 2017, was six years.

NOTE 14: EMPLOYEE RETIREMENT PLANS

Multi-employer Defined Benefit Plans

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

As of June 30, 2017, the District's net pension liabilities, deferred outflows of resources,

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 14: EMPLOYEE RETIREMENT PLANS

deferred inflows of resources and pension expense for each of the retirement plans as follows:

		Deferred	Deferred	
	Net	Outflows of	Inflows of	
Pension Plan	Pension Liability	Resources	Resources	Pension Expense
CalSTRS (STRP)	\$ 118,895,070	\$ 30,347,146	\$ 8,604,021	\$ 12,830,690
CalPERS (Schools Pool Plan)	46,096,644	13,246,189	2,140,012	5,646,437
Total	\$ 164,991,714	\$ 43,593,335	\$ 10,744,033	\$ 18,477,127

The details of each plan are as follows:

California State Teachers' Retirement System (CalSTRS)

Plan Description

The District contributes to the State Teachers' Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0% of final compensation for each year of credited service. The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP.

The District contributes to the STRP Defined Benefit Program and STRP Defined Benefit Supplement Program, thus disclosures are not included for the other plans.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 14: EMPLOYEE RETIREMENT PLANS

The STRP provisions and benefits in effect at June 30, 2017, are summarized as follows:

Provisions and Benefits	STRP Defined Benefit Program and Supplement Program			
Hire date	On or Before December 31, 2012 On or after January 1, 2			
Benefit formula	2% at 60	2% at 62		
Benefit vesting schedule	5 years of service	5 years of service		
Benefit payments	Monthly for life	Monthly for life		
Retirement age	60	62		
Monthly benefits as a percentage of eligible				
compensation	2.0%-2.4%	2.0%-2.4%		
Required employee contribution rate	10.25%	9.205%		
Required employer contribution rate	12.58%	12.58%		
Required state contribution rate	8.828%	8.828%		

Contributions

Required member, District and State of California contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. The contribution rates for each plan for the year ended June 30, 2017 are presented above and the total District contributions were \$9,450,804.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2017, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for state pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the District were as follows:

	Balance
Proportionate Share of Net Pension Liability	June 30, 2017
District proportionate share of net pension liability	\$ 118,895,070
State's proportionate share of the net pension liability associated with the District	67,694,808
Total	\$ 186,589,878

The net pension liability was measured as of June 30, 2016. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2016, the District's proportion was 0.1470%.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 14: EMPLOYEE RETIREMENT PLANS

For the year ended June 30, 2017, the District recognized pension expense of \$12,830,690. In addition, the District recognized revenue and corresponding expense of \$6,543,416 for support provided by the state. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred	Deferred
	(Outflows of	Inflows of
Pension Deferred Outflows and Inflows of Resources		Resources	Resources
Pension contributions subsequent to measurement date	\$	9,450,804	\$ -
Difference between expected and actual experience		-	2,900,310
Difference in proportion		11,444,242	5,703,711
Net differences between projected and actual earnings on plan investments		9,452,100	
Total	\$	30,347,146	\$ 8,604,021

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. The net difference between projected and actual earnings on plan investments is amortized over a five year period on a straight-line basis. One-fifth is recognized in pension expense during the measurement period and remaining amount is deferred and will be amortized over the remaining four-year period. The remaining net differences between projected and actual earnings on plan investments shown above represents the unamortized balance relating to the current measurement period and the prior measurement period on a net basis.

All other deferred outflows of resources and deferred inflows of resources are amortized over the expected average remaining service life (EARSL) of the plan participants. The EARSL for the STRP for the June 30, 2016 measurement date is 7 years. The first year of amortization is recognized in pension expense for the year the gain or loss occurs. The remaining amounts are deferred and will be amortized over the remaining periods not to exceed 6 years.

The remaining amount will be recognized to pension expense as follows:

Year Ending June 30,	Amortization
2018	\$ 3,217,870
2019	3,217,870
2020	3,217,870
2021	3,217,870
2022	854,842
2023	(1,434,001)
Total	\$ 12,292,321

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 14: EMPLOYEE RETIREMENT PLANS

Actuarial Methods and Assumptions

Total pension liability for STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2015, and rolling forward the total pension liability to June 30, 2016. The financial reporting actuarial valuation as of June 30, 2015 used the following methods and assumptions, applied to all prior periods included in the measurement:

Actuarial Methods and Assumptions

retuariar Wethous and rissamptions	
Valuation Date	June 30, 2015
Measurement Date	June 30, 2016
Experience Study	July 1, 2006 through June 30, 2010
Actuarial Cost Method	Entry Age Normal
Discount Rate	7.60%
Investment Rate of Return	7.60%
Consumer Price Inflation	3.00%
Wage Growth	3.75%

CalSTRS uses custom mortality tables to best fit the patterns of mortality among its members. These custom tables are based on RP2000 series tables adjusted to fit CalSTRS experience.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant. Based on the model for CalSTRS consulting actuary's investment practice, a best estimate range was determined by assuming the portfolio is re-balanced annually and that the annual returns are lognormally distributed and independent from year to year to develop an expected percentiles for the long-term distribution of annualized returns. The assumed asset allocation is based on board policy for target asset allocation in effect on February 2, 2012, the date the current experience study was approved by the board. Best estimates of 20-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

		Long-term
	Assumed Asset	Expected Real
Asset Class	Allocation	Rate of Return
Global equity	47%	6.30%
Fixed income	12%	0.30%
Real estate	13%	5.20%
Private equity	13%	9.30%
Absolute return/risk mitigating strategies	9%	2.90%
Inflation sensitive	4%	3.80%
Cash/liquidity	2%	-1.00%

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 14: EMPLOYEE RETIREMENT PLANS

Discount Rate

The discount rate used to measure the total pension liability was 7.60%. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.60%) and assuming that contributions, benefit payments, and administrative expense occurred midyear. Based on these assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

	Net Pension
Discount rate	Liability
1% decrease (6.60%)	\$ 171,116,820
Current discount rate (7.60%)	118,895,070
1% increase (8.60%)	75,522,720

Plan Fiduciary Net Position

Detailed information about the STRP's plan fiduciary net position is available in a separate comprehensive annual financial report for CalSTRS. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7667 Folsom Boulevard, Sacramento, CA 95826.

California Public Employees Retirement System (CalPERS)

Plan Description

Qualified employees are eligible to participate in the Schools Pool Plan under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the Public Employees' Retirement Law.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 14: EMPLOYEE RETIREMENT PLANS

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor, and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 5 years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least 5 years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The CalPERS provisions and benefits in effect at June 30, 2017, are summarized as follows:

Provisions and Benefits	Schools Pool Plan (CalPERS)		
Hire date	On or Before December 31, 2012 On or after January 1, 201		
Benefit formula	2% at 55	2% at 62	
Benefit vesting schedule	5 years of service	5 years of service	
Benefit payments	Monthly for life	Monthly for life	
Retirement age	55	62	
Monthly benefits as a percentage of eligible			
compensation	1.1%-2.5%	1.0%-2.5%	
Required employee contribution rate	7.00%	6.00%	
Required employer contribution rate	13.888%	13.888%	

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Total plan contributions are determined through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2017 are as presented above and the total District contributions were \$4,051,427.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 14: EMPLOYEE RETIREMENT PLANS

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

As of June 30, 2017, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$46,096,644. The net pension liability was measured as of June 30, 2016. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2016, the District's proportion was 0.2334%.

For the year ended June 30, 2017, the District recognized pension expense of \$5,646,437. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred	Deferred
	(Outflows of	Inflows of
Pension Deferred Outflows and Inflows of Resources	Resources		Resources
Pension contributions subsequent to measurement date	\$	4,051,427	\$ -
Differences between expected and actual experience		1,982,597	-
Changes of assumptions		-	1,384,930
Difference in proportion		59,448	755,082
Net differences between projected and actual earnings on plan investments		7,152,717	
Total	\$	13,246,189	\$ 2,140,012

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. The net difference between projected and actual earnings on plan investments is amortized over a five year period on a straight-line basis. One-fifth is recognized in pension expense during the measurement period and remaining amount is deferred and will be amortized over the remaining four-year period. The remaining net differences between projected and actual earnings on plan investments shown above represents the unamortized balance relating to the current measurement period and the prior measurement period on a net basis.

All other deferred outflows of resources and deferred inflows of resources are amortized over the expected average remaining service life (EARSL) of the plan participants. The EARSL for the CalPERS Schools Pool Plan for the June 30, 2016 measurement date is 3.9 years. The first year of amortization is recognized in pension expense for the year the gain or loss occurs. The remaining amounts are deferred and will be amortized over the remaining periods not to exceed 2.9 years.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 14: EMPLOYEE RETIREMENT PLANS

The remaining amount will be recognized in pension expense as follows:

Year Ending June 30,	 Amortization	
2018	\$ 885,644	
2019	1,005,243	
2020	3,297,068	
2021	 1,866,795	
Total	\$ 7,054,750	

Actuarial Methods and Assumptions

Total pension liability for the Schools Pool Plan was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2015, and rolling forward the total pension liability to June 30, 2016. The financial reporting actuarial valuation as of June 30, 2015 used the following methods and assumptions, applied to all prior periods included in the measurement:

Actuarial Methods and Assumptions

Actualiai Methods and Assumptions		
Valuation Date	June 30, 2015	
Measurement Date	June 30, 2016	
Experience Study	July 1, 1997 through June 30, 2011	
Actuarial Cost Method	Entry Age Normal	
Discount Rate	7.65%	
Investment Rate of Return	7.50%	
Consumer Price Inflation	2.75%	
Wage Growth	3.00%	

Mortality assumptions are based on mortality rates resulting from the most recent CalPERS experience study adopted by the CalPERS Board. For purposes of the post-retirement mortality rates, those revised rates include five years of projected ongoing mortality improvement using Scale AA published by the Society of Actuaries.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 14: EMPLOYEE RETIREMENT PLANS

		Long-term
	Assumed Asset	Expected Real
Asset Class	Allocation	Rate of Return
Global equity	51%	5.71%
Global debt securities	20%	2.43%
Private equity	10%	6.95%
Real estate	10%	5.13%
Inflation assets	6%	3.36%
Infrastructure and forestland	2%	5.09%
Liquidity	1%	-1.05%

Discount Rate

The discount rate used to measure the total pension liability was 7.65%. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Based on these assumptions, the Schools Pool Plan fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

		Net Pension			
Discount rate		Liability			
1% decrease (6.65%)	\$	68,776,450			
Current discount rate (7.65%)		46,096,644			
1% increase (8.65%)		27,211,243			

Plan Fiduciary Net Position

Detailed information about CalPERS Schools Pool Plan fiduciary net position is available in a separate comprehensive annual financial report. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, CA 95814.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 14: EMPLOYEE RETIREMENT PLANS

Single-Employer Deferred Compensation Plan

As of June 30, 2017, the District's net pension liabilities, deferred outflows of resources, deferred inflows of resources and pension expense for each of the defined plan is as follows:

				Deferred	Deferred		
		Net	(Outflows of	Inflows of		
Pension Plan	Pen	sion Liability		Resources	 Resources	Pens	ion Expense
Deferred compensation plan	\$	1,957,961	\$	320,269	\$ 29,809	\$	88,189

Plan Description

The District's Deferred Compensation Plan, a Single-employer defined benefit pension plan administered by the District, is provided in lieu of postretirement healthcare benefits to plan members and beneficiaries. Benefit eligibility is limited to employees hired prior to April 28, 1993 who retire from the District after June 30, 1993 under either the PERS or STRS pension plan.

The benefit provides for \$1,500 per year of service, and is frozen based on completed years of service at June 30, 1993 plus one, limited to a maximum of 30 years of service. Benefits are paid in five equal annual installments. Benefit provisions were established by the governing board and may not be amended. The plan does not issue a separate financial report.

Participants in the plan consisted of the following at June 30, 2017:

	Number of
Plan Membership	Participants
Retired members or beneficiaries currently receiving benefits	74
Active members	174
Total	248

Funding Policy

The District currently finances benefits on a pay-as-you-go basis. The District paid \$263,055 in healthcare costs for eligible retirees and beneficiaries during the year ended June 30, 2017. The District contributes 100 percent of the cost of pension benefits as established by the plan provisions.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 14: EMPLOYEE RETIREMENT PLANS

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

As of June 30, 2017, the District reported total pension liabilities for its deferred compensation plan totaling \$1,957,961. The total pension liability was measured as of June 30, 2016.

The changes in the total pension liability were as follows:

Schedule of Changes in the Total Pension Liability	Jui	ne 30, 2017
Interest	\$	74,878
Differences between expected and actual experience		(44,286)
Changes of assumptions		85,002
Benefit payments		(362,712)
Net change in Total Pension Liability		(247,118)
Total Pension Liability - beginning of year		2,205,079
Total Pension Liability - end of year	\$	1,957,961

For the year ended June 30, 2017, the District recognized pension expense of \$88,189. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

]	Deferred		Deferred	
	O	Outflows of		Inflows of	
Pension Deferred Outflows and Inflows of Resources	R	esources		Resources	
Pension contributions subsequent to measurement date	\$	263,055	\$	-	
Differences between expected and actual experience		57,214		-	
Changes of assumptions				29,809	
Total	\$	320,269	\$	29,809	

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. All other deferred outflows of resources and deferred inflows of resources are amortized over the expected average remaining service life (EARSL) of the plan participants. The EARSL for the deferred compensation plan for the June 30, 2016 measurement date is 3.059 years. The first year of amortization is recognized in pension expense for the year the gain or loss occurs. The remaining amounts are deferred and will be amortized over the remaining period.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 14: EMPLOYEE RETIREMENT PLANS

The remaining amount will be recognized in pension expense as follows:

Year Ending June 30,	Amortization
2018	\$ 13,311
2019	13,311
2020	783
Total	\$ 27,405

Actuarial Methods and Assumptions

Total pension liability for the deferred compensation plan was based on an actuarial valuation as of June 30, 2016. The valuation used the following methods and assumptions, applied to all prior periods included in the measurement:

Actuarial	Methods	and A	ssumptions
АСШанаг	- vieinous	and A	SSUITIDITIONS

Valuation Date	June 30, 2016
Measurement Date	June 30, 2016
Actuarial Cost Method	Entry Age Normal
Discount Rate	2.70%

Projected benefits are based on the assumption that payments are certain and will be made to the retiree's designated beneficiary if the retiree dies prior to receiving all of the payments. Retiree rates are based on CalSTRS 2016 retirement rates for Certificated employees and CalPERS School Employees retirement rates for Classified employees.

Discount Rate and Sensitivity

The discount rate used to measure the total pension liability was 2.70% based on S&P Municipal Bond 20 Year High Grade Rate Index.

The following presents the total pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

	·	Total Pension
Discount rate		Liability
1% decrease (1.70%)	\$	2,051,803
Current discount rate (2.70%)		1,957,961
1% increase (3.70%)		1,871,559

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 15: JOINT POWERS AGREEMENTS

The District participates in two joint powers agreement (JPA) entities: the Ventura County Schools Self-Funding Authority (the Authority) and the Gold Coast Joint Benefits Trust (the Trust). The Authority provides workers' compensation, property and liability insurance, boiler and machinery and fidelity bond coverage among other types of insurance. The member districts are subject to various deductible amounts in addition to payment of premiums assessed by the Authority. The Authority pools responsibility for claims up to certain limits and provides high level umbrella type coverage above its retention limits. The Trust arranges for health and welfare benefits for employees and retirees of participating school districts and their eligible dependents. Member districts pay a monthly premium per eligible participant.

Each JPA is independently accountable for its fiscal matters and is governed by a board consisting of representatives from each member District. Budgets are not subject to any approval other than that of the respective governing boards. Member districts share surpluses and deficits proportionately to their participation in the JPAs. Separate financial statements for each JPA may be obtained from the respective entity.

The relationships between the District and the JPAs are such that none of the JPAs is a component unit of the District for financial reporting purposes.

Condensed financial information for the year ended June 30, 2017 is as follows:

	The Authority		The Trust		
	(Audited)		(Audited)		
JPA Condensed Financial Information]	June 30, 2017		June 30, 2016	
Total assets	\$	113,684,619	\$	15,434,618	
Deferred inflows of resources		367,055		-	
Total liabilities		51,405,001		4,945,229	
Deferred outflows of resources		55,306			
Fund balance / net position	\$	62,591,367	\$	10,489,389

Total expenditures / expenses		19,190,998		56,495,141	
Change in fund balance / net position	\$	8,326,519	\$	2,524,803	

NOTE 16: COMMITMENTS AND CONTINGENCIES

Litigation

The District is involved in claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the District's financial statements.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 16: COMMITMENTS AND CONTINGENCIES

State and Federal Allowances, Awards, and Grants

The District has received state and federal funds for specific purposes, including reimbursement of mandated costs, which are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursement will not be material.

County School Facilities Funds

The District has completed several construction and modernization projects funded through the Office of Public School Construction. These projects are subject to future audits by the state, which may result in other adjustments to the fund.

Joint Use Project

In June 2002, the District entered into an agreement with the City of San Buenaventura (the City) and the Redevelopment Agency of the City of San Buenaventura (the Agency) on a joint use project. The terms of the agreement include the commitment of the District to appropriate up to \$3,600,000 in proceeds from the disposition of the Hails site for construction of a City/District community swimming pool and amenities. In addition, the City and Agency agree to share with the District the tax increment generated from the future redevelopment of the Santa Clara site. The City, Agency and District jointly marketed the sale of the property. The City will be reimbursed up to \$100,000 for actual cost of staffing a project development team for the Santa Clara site.

NOTE 17: CUMULATIVE EFFECT OF CHANGE IN ACCOUNTING PRINCIPLE

The beginning net position of the government-wide financial statements has been restated by a reduction of \$2,273,086 (change in net pension liability of \$2,635,998 and deferred outflows of resources of \$362,712) to recognize a change in the beginning balance of the Deferred Compensation Plan liability resulting from the implementation of GASB Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68.

NOTE 18: SUBSEQUENT EVENTS

Tax Revenue Anticipation Notes

The District issued \$19,655,000 of Tax Revenue Anticipation Notes dated July 6, 2017 through the California School Boards Association Finance Corporation's Cash Reserve Program 2017-18

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 18: SUBSEQUENT EVENTS

(Series B). The notes were sold by the District to supplement its cash flow.

The notes mature on June 29, 2018 and are issued at an amortized rate of 2.00%. Repayment requirements are that \$9,827,500 principal and approximately \$10,213,000 principal and interest be deposited with the administrator, U.S. Bank National Association, by January 31, 2018 and April 30, 2018, respectively.

Installment Loan

Effective September 13, 2017, the District entered into an installment purchase agreement for the purchase of six school buses in the amount of \$933,781. Included in the financing arrangement is the refinancing of the existing installment loan for the purchase of ten buses described in Note 12. The annual installment payments are due October 13, 2017 through October 13, 2022. Payments of \$286,819 plus applicable interest are due the first four years of the loan and \$166,887, plus applicable interest are due the final two years of the loan. Interest is calculated at 2.69% per annum.

NOTE 19: GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENTS ISSUED, NOT YET EFFECTIVE

The Governmental Accounting Standards Board (GASB) has issued pronouncements prior to June 30, 2017, that have effective dates that will impact future financial presentations; however, the impact of the implementation of each of the statements below to the District's financial statements has not been assessed at this time.

Statement No. 75 – Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions

This statement was issued in June 2016 and establishes standards for governmental employer recognition, measurement, and presentation of information about OPEB. The statement also establishes requirements for reporting information about financial support provided by certain non-employer entities for OPEB that is provided to the employees of other entities. The statement is effective for the fiscal year 2017-18.

Statement No. 83 – Certain Asset Retirement Obligations

Issued in November 2016, this statement addresses accounting and financial reporting for certain asset retirement obligations (ARO). An ARO is a legally enforceable liability associated with the retirement of tangible capital assets. The statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources. The statement is effective for the fiscal year 2019-20.

NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

NOTE 19: GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENTS ISSUED, NOT YET EFFECTIVE

Statement No. 84 – Fiduciary Activities

Issued in January 2017, this statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activities and (2) the beneficiary with whom a fiduciary relationship exists. The statement is effective for the fiscal year 2019-20.

Statement No. 85 – Omnibus 2017

This statement was issued in March 2017 and addresses practice issues that have been identified during implementation and application of certain GASB Statements. This statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). The statement is effective for the fiscal year 2017-18.

Statement No. 86 – Certain Debt Extinguishment Issues

This statement was issued in May 2017 and addresses accounting and financial reporting for insubstance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources – resource other than the proceeds of refunding debt – are placed in an irrevocable trust for the sole purpose of extinguishing debt. This statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. The statement is effective for the fiscal year 2017-18.

Statement No. 87 – Leases

This statement was issued in June 2017 and addresses accounting and financial reporting for leases by governments. This statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The statement is effective for the fiscal year 2020-21.

Contributions as a percentage of covered payroll	8.88%	10.73%	12.58%
California Public Employees' Retirement Plan - Schools Pool Plan	2015	2016	2017
Contractually required contribution Contributions in relation to the contractually required contribution Contribution deficiency (excess)	\$ 3,113,265 3,113,265 \$ -	\$ 3,312,194 3,312,194 \$ -	\$ 4,051,427 4,051,427 \$ -
District's covered payroll	\$ 26,450,000	\$ 27,950,000	\$ 29,175,000
Contributions as a percentage of covered payroll	11.77%	11.85%	13.89%

Note: Accounting standards require presentation of 10 years of information. However, the information in this schedule is not required to be presented retroactively. Years will be added to this schedule as future data becomes available.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION For the Fiscal Year Ended June 30, 2017

NOTE 1: PURPOSE OF SCHEDULES

Schedule of Budgetary Comparison For The General Fund

A budgetary comparison is presented for the general fund. This schedule presents the budget as originally adopted, the revised budget as of the fiscal year end, actual amounts at fiscal year end, and any adjustments needed to present the amounts in accordance with generally accepted accounting principles (GAAP).

Schedule of Postemployment Healthcare Benefits Funding Progress

The schedule is intended to show trends about the funding progress of the District's actuarially determined liability for postemployment benefits other than pensions.

<u>Schedule of Changes in the Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll - Deferred Compensation Plan</u>

The schedule presents information on the changes in the District's total pension liability for the Deferred Compensation plan and the total pension liability as a percentage of covered payroll. In the future, as data becomes available, 10 years of information will be presented.

<u>Schedules of District's Proportionate Share of the Net Pension Liability – CalSTRS (STRP)</u> and CalPERS (Schools Pool Plan)

The schedule presents information on the District's proportionate share of the net pension liability, the plans' fiduciary net position and, when applicable, the state's proportionate share of the net pension liability associated with the District. In the future, as data becomes available, 10 years of information will be presented.

<u>Schedules of District Contributions - CalSTRS (STRP) and CalPERS (Schools Pool Plan)</u>

The schedule presents information on the District's required contribution, the amounts actually contributed and any excess or deficiency related to the required contribution. In the future, as data becomes available, 10 years of information will be presented.

NOTE 2: EXCESS OF EXPENDITURES OVER APPROPRIATIONS

Excesses of expenditures over appropriations, by major object accounts, in the General Fund occurred as follows:

Major Object	Amount
Certificated salaries	\$ 542,675
Classified salaries	1,221,691
Other outgo	570,180
Interfund transfers out	150,000

SUPPLEMENTARY INFORMATION

HISTORY AND ORGANIZATION For the Fiscal Year Ended June 30, 2017

The Ventura Unified School District was formed effective July 1, 1966 as the result of a unification election held March 16, 1966 and action of the Ventura County Board of Supervisors at the meeting held March 30, 1966. The unified district encompasses the former Ventura Union High School District and its former component elementary districts, namely the Avenue, Mill Union, Mount, Buena Ventura School Districts and the Arnaz portion of the Nordhoff Union School District. The District includes an area of approximately 165 square miles, including the City of Ventura and surrounding area, in the western most portion of Ventura County.

The District operates six pre-schools, sixteen elementary schools, one K-8 school, four middle schools, three comprehensive high schools, one continuation high schools, one independent study school, one opportunity school, one homestead school, one adult education school and one community day school.

The Board of Education and the District Administrators for the fiscal year ended June 30, 2017 were as follows:

BOARD OF EDUCATION

Member	Office	Term Expires
Mrs. Velma Lomax	President	December 2018
Mr. John Walker	Vice President	December 2018
Mrs. Mary Haffner	Member	December 2018
Ms. Sabrena Rodriguez	Member	December 2020
Ms. Jackie Moran	Member	December 2020

DISTRICT ADMINISTRATORS

Mr. Joseph Richards, Jr. Interim Superintendent

Vacant Deputy Superintendent, Business Services
Dr. Matty Zamora Assistant Superintendent, Educational Services

Dr. Robert Fraisse Interim Assistant Superintendent, Certificated Human Resources

SCHEDULE OF AVERAGE DAILY ATTENDANCE (ADA) For the Fiscal Year Ended June 30, 2017

The requirements governing ADA, admission of pupils, types of schools, recording and reporting of pupil attendance, and similar matters are controlled by provisions of the Education Code and by regulations of the California Department of Education.

ADA statistics reported to the state for the fiscal year ended June 30, 2016 are as follows:

	Revised	
	Second Period	Annual
Grades transitional kindergarten through third:		
Regular ADA	4,744	4,738
Extended year special education	6	6
Total grades transitional kindergarten through third ADA	4,750	4,744
Grades four through six:

Available reserves are those amounts reserved for economic uncertainty and any other remaining unassigned fund balance from the General Fund. For a District this size, the state recommends a 3% reserve of total General Fund expenditures, transfers out and other uses. For the year ended June 30, 2017, the District has met this requirement.

The 2018 budget is the original budget adopted on June 27, 2017.

^{*} In 2017, the District adopted GASB Statement No. 73 which resulted in the recognition of additional pension liabilities. Previous years have not been restated to reflect this change.

SCHEDULE OF CHARTER SCHOOLS For the Fiscal Year Ended June 30, 2017

The District is not the granting agency for any Charter Schools.

RECONCILIATION OF THE ANNUAL FINANCIAL AND BUDGET REPORT WITH THE AUDITED FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

There were no differences between the fund balances reported on the June 30, 2017 Annual Financial and Budget Report for the governmental funds and the audited financial statements.

NOTES TO THE SUPPLEMENTARY INFORMATION For the Fiscal Year Ended June 30, 2017

NOTE 1: PURPOSE OF SCHEDULES

Schedule of Average Daily Attendance (ADA)

Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Schedule of Instructional Time

The District has not met or exceeded its target funding and has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of Education Code Sections 46200 through 46206.

Schedule of Expenditures of Federal Awards

Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the District under programs of the federal governmental for the year ended June 30, 2017. The information in this Schedule is presented in accordance with the requirements of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of operations of the District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the District.

Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The District did not use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTES TO THE SUPPLEMENTARY INFORMATION For the Fiscal Year Ended June 30, 2017

NOTE 1: PURPOSE OF SCHEDULES

Schedule of Financial Trends and Analysis

The 2016-17 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting requires that this schedule be prepared showing financial trends of the general fund over the past three fiscal years as well as the current year budget. This report is intended to identify if the District faces potential fiscal problems and if they have met the recommended available reserve percentages.

Schedule of Charter Schools

The 2016-17 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting requires that this schedule list all charter schools chartered by the District and inform the users whether or not the charter school information is included in the District's financial statements

Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balances of all funds as reported on the annual Financial and Budget Report form to the audited financial statements.

NOTES TO THE OPTIONAL SUPPLEMENTARY INFORMATION For the Fiscal Year Ended June 30, 2017

NOTE 1: PURPOSE OF SCHEDULES

Combining Fund Financial Statements

The combining fund balance sheets and statements of revenues, expenditures and changes in fund balance for the building fund and the non-major governmental funds and the combining statements of fiduciary net position and changes in fiduciary net position have been presented for additional information to the users of these financial statements. These statements have been prepared using the basis of accounting described in the notes to the financial statements.

OTHER INDEPENDENT AUDITOR'S REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education Ventura Unified School District Ventura, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Ventura Unified School District (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 13, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Education Ventura Unified School District Ventura, California

Report on Compliance for Each Major Federal Program

We have audited Ventura Unified School District's (the District) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2017. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance, for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Board of Education Ventura Unified School District Ventura, California

We have audited the Ventura Unified School District's (the District) compliance with the types of compliance requirements described in the 2016-17 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Audit Appeals Panel for the year ended June 30, 2017. The District's state compliance requirements are identified in the table provided.

Management's Responsibility

Management is responsible for compliance with the state laws and regulations as identified below.

Auditor's Responsibility

Our responsibility is to express an opinion on the District's compliance based on our audit of the types of compliance requirements referred to below. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the 2016-17 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Audit Appeals Panel. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the specific areas listed below has occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion on state compliance. However, our audit does not provide a legal determination of the District's compliance.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Compliance Requirements Tested

In connection with the audit referred to above, we selected and tested transactions and records to determine the District's compliance with the laws and regulations applicable to the following items:

Description	Procedures Performed
Attendance	Yes

Mode of Instruction	No ¹
Nonclassroom Based Instruction/Independent Study	No ¹
Determination of Funding for Nonclassroom Based Instruction	No ¹
Annual Instructional Minutes - Classroom Based	No ¹
Charter School Facility Grant Program	No^1

¹The District is not the granting agency for any Charter Schools

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Opinion on State Compliance

In our opinion, the District complied with the laws and regulations of the state programs referred to above in all material respects for the year ended June 30, 2017.

Purpose of this Report

The purpose of this report on state compliance is solely to describe the results of testing based on the requirements of the 2016-17 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Audit Appeals Panel. Accordingly, this report is not suitable for any other purpose.
